BUSINESS ON THE SPEAKER’S DESK

Speaker Gowan announced that Member Bob Robson would be appointed as the Speaker Pro Tempore for the House of Representatives, Fifty-second Legislature.

Speaker Gowan introduced Sammy L. Davis, Sergeant First Class (ret.), Congressional Medal of Honor Recipient who addressed the House as follows:

Most of us here, on the day of our birth, automatically became heirs to the greatest of earthly treasures. A treasure envied by those who read of it, dream of it, and pray for it. It is a treasure never diminished by the numbers who share it. The guarantee of the opportunity to pursue happiness and the guarantee of freedom came to us as easily as we drew our first breath of air over American soil. And, in those first moments of life, we were gifted with “The Promise”.

The Promise was conceived in the hearts of men and women burdened with unjust treatment and tyranny. The Promise was a dream they could not abandon. The Promise bore the weight of a solemn oath signed in blood. The promise was a pledge a man made to himself and whatever child or grandchild might share his bloodline. It was a promise that “liberty and justice for all” would not be denied them. A promise that no man, clan, or country would slip under the wire and steal from them this gift.

The Promise, in the course of human history is still young, but does not need age to be strong. It’s strength lies in the precision of its description and the goodness of its intent as its story is told in the documents of its creed—The Constitution of the United States of America. The greatest hope of those men was that The Promise would endure and be everlasting!

The possibility of that hope becoming a reality rests in the hands of all those who lay claim to it, be it through birthright or naturalization. Its strength and its fulfillment can be our reality only if we call to mind and instill in the minds of our young the boundless offerings of The Promise.

Only in a perfect world, where the spirit of man has no capacity for greed, for jealousy, or for hate, will it not be necessary to stand guard on a system of government based on a fair chance for every man and woman. The spirit of man is challenged by imperfections, so we will have to work on behalf of even the most righteous government yet devised by mortals to ensure its original potentiality is understood and does not fail to thrive.

In truth, this country is much like the child it is meant to protect. Perfect at its birth, sound in spirit and strong—with boundless possibilities. I like to imagine that, as each new child comes to us, Miss Liberty bends over, kisses that precious head and tells the babe,

“Welcome little American. We have prepared a wonderful place for you. Many have worked, fought, and died to make it so…all for the love of you and others like you. Those who died for it sit at heaven’s gate and smile down on you today…happy for you and proud to know their blood helped secure this gift we offer you.

First Day

“Before you lies a land of comfort. You will have access to information and education. You will have opportunities to achieve and realize dreams you have yet to dream. We want you to be safe and secure…healthy and happy. This flag I now wrap gently around your precious body is a symbol of honor…. And a symbol of faith. To you I give it as a symbol of ‘The Promise.’

“The Promise I make to you, that this country has been devised and works untiringly to give you a life where you are treated as fairly as any man or woman—where opportunities for all things lie before you and you are FREE to make your own choices. You have met this day the requirements for receiving these gifts.

“You are an American! i do not have a plan for you. i have, instead, made it possible for you to build and follow your own plan!

“That is ‘The Promise’.”

Then I see Lady Liberty stand up straight, holding the babe swaddled in Old Glory lovingly in her hands—and—with arms stretched across the bay, she gently lays the infant on the shore. She smiles and, before she turns and again lifts her torch of freedom for all to see, she says softly:

“Be confident, I have made you this promise. Now, go forth and show the world what an American is made of!”

We here today are a long way from the day we were gifted with “The Promise.” We have lived long enough to know that it means and to understand its value. We here have seen that keeping “The Promise” alive takes constant vigilance, diligent work, and even commands that the system and people working in it are persistently monitored—to keep it from straying from its just and fair design. We realize the problems inherent in keeping such a tremendous promise. We know nearly all good works take time and become complicated when we had hoped it would be simple.

I’m asking you to share. Sing the praises of our great country. Remind others how lucky – truly how blessed they are to be Americans. It is okay to admit we have not perfected implementation of the course of action ensuring “The Promise” will live on. But, it is imperative that we protect and preserve the country to keep the promise alive. We must let no enemy deny “The Promise” to the people of America!

Remind others that is the true beauty of the American plan – the people watch—and the people choose—and the people will either secure or fail “The Promise”! We are not caught in a helpless situation.

Most people here in the United States have been so well protected – our grandparents did their jobs so well – most truly take their freedoms for granted…..or at least they did until September 11th.

“The Promise” has been threatened and suddenly we are painfully aware that this life we love may not be here in the morning just because we expected it would be….as surely as we expected water to come from the tap when we turn the handle and lights to come on when we flip a switch. Thirst and darkness can be dealt us from hateful acts of terror from a dark part of the world at any time. It has come to thousands of Americans already…in this first year of the new millennium.

The President stood atop a pile of rubble in New York and told the world we were on bended knee mourning the great loss of life and grieving with the families of the dead. I want the world to take notice…..as we rest a moment on bended knee and bow our heads in honor of those who died…..we clutch the Stars and Stripes to our hearts with our left hands, rededicated to “The Promise”, and we raise our right fist high and defiant to tell the world….

“we will not let the promise stop with us!”

I leave you with a quote from Abraham Lincoln:  We shall meanly lose or nobly save the last hope of earth.”

God Help us keep our Promise.

OPENING MESSAGE
OF
GOVERNOR DOUG DUCEY
FIRST REGULAR SESSION, FIFTY-SECOND LEGISLATURE
JANUARY 12, 2015

STATE OF THE STATE ADDRESS

Speaker Gowan, President Biggs, House Leaders Montenegro and Meyer, Senate Leaders Yarborough and Hobbs, Chief Justice Bales, Members of the Judiciary and Legislature, fellow Arizonans – thank you all very much, and good afternoon.

It’s been quite a day in this capitol, and the highlight was your swearing in. Elective office is an honor that rarely comes easy, and I congratulate and welcome each one of you.

Whether we’ve served before or we are new to the place, all of us have arrived here to find serious challenges waiting on us. The test is whether we answer them in a serious way, without trying to buy time, or to sidestep obvious problems that need to be dealt with right away. Putting off problems is certainly not what I had in mind in seeking this office. And I know that each of you would say the same about the positions of trust that you hold by right.

These next few weeks, we could all use the fresh outlook of newcomers, not trapped in the old ways of thinking about state spending, taxes, public education and the role of government in general. In government, just as in business, settled assumptions are not always correct assumptions. Conventional wisdom is not always wisdom. And the political parties do not have to be hostile parties, set against one another in every case.
First Day

This, at least, will be the spirit of my administration, as I work with you in every way I know how. Naturally, I hope it will be returned in kind. I think we’ll all find that the best achievements are shared achievements. A week into this job, I won’t press the case that the state of the state is any better than it was last Monday. But I can tell you this for sure: If you and I can see our way clear to those kinds of shared achievements, the people of Arizona will do the rest, and the state of our state will be confident, strong and rising.

But we can’t do it without fiscal responsibility. In real life, when families or businesses take stock of how they’re doing, the answer has a lot to do with the state of their finances. Well, it works the same in government. And turning to our state’s checkbook, we start with the number one billion. In dollars, that would be the difference between spending and revenue if we were to do nothing about it these next two years.

Now maybe I’m of the old school of economics, but this strikes me as a problem. And I am just not persuaded by appeals to raise taxes so that we can spend more. I look at it this way: If the problem is spending more than we have, the solution cannot be even more spending. Instead of demanding more revenue from the people, I suggest we demand more fiscal responsibility from our government.

So, with all the care and debate the people expect of us, and with as little delay or complaint as possible, let’s put this budget in balance – and let’s keep it there.

This Friday, just in time for some weekend reading, I will deliver my budget, on flash drives to every member of this Legislature. It’s my best effort to deal with a tough situation. Just as I promised in last year’s election, my team and I gave a thorough look to current state expenditures. In reviewing some items, we asked questions that hadn’t been asked in a while – questions like, “Why does the state of Arizona need an office and a paid lobbyist in Washington, D.C.?” The short answer is, we don’t. So that office and all its expenses will soon be gone, and there will be at least one less lobbyist in Washington.

But we didn’t stop there. To balance the books, we’re going to institute a state government hiring freeze – with protections for vital areas, like public safety and child safety. However, when it comes to bureaucracy, we’re cutting back. The government can’t take on any new expenses when we can’t afford the ones we already have.

Our budget does what budgets are supposed to do. It prioritizes vital commitments that Arizonans value the most – public safety, justice, classrooms, and aid to the needy and vulnerable. My budget doesn’t just give the appearance of spending discipline. It offers the reality of spending discipline – with decisions that are timely, real and permanent.

And to that end, I propose this: Our state needs an unbiased inspector general mandated to find more areas of savings – and where corruption exists, shine a light on it. This public advocate would be equipped with a badge and subpoena power to go in, ask the tough questions and be a watchdog for the taxpayers. I want to work with you – the Legislature – to make this happen.

With a tight budget we’ve all heard the calls these past few weeks to just go ahead and raise taxes, now that we’re all safely in office. In this case, as the argument goes, it would be relatively easy because all we’d have to do is cancel all or some of the tax reforms that are currently taking effect. They were passed in a previous Legislature, after all, and circumstances have changed, so let’s just renege on our commitment.

Any way you look at it, cancelling Arizona’s tax reforms is the wrong way to go. They were designed to put more life in our economy and that need is stronger than ever. Business people – the ones we count on to create jobs – have been making plans around them, plans to build, expand and make new hires. If we change our plans, they’ll change theirs. It’s a high price to pay for going back on your word and that is why I say: Not on our watch.

Another essential of good government are tax rates that are predictable and reasonable. Yet every year, Arizona taxpayers are faced with the threat of a tax increase because we don’t tie our income tax to inflation. The result is an automatic tax increase. Let’s end this by permanently indexing our income tax
First Day

to inflation. This is an issue of fairness and we owe better to all Arizonans – so let’s get it done this session.

In all that we do this year at this capitol, let’s think big. And let’s remember this: The business at hand is not to expand Arizona’s government – it is to expand Arizona’s economy.

By some measures, our economy has been growing, but not nearly at levels we know we can reach. And it’s not just overall performance, either – we want the kind of growth and opportunity that reaches everyone.

Last week, I signed an order placing a moratorium on new regulations in the executive branch. It was a good beginning, but only a beginning.

There is also the matter of many state regulations already in place, often for reasons that nobody even remembers. Our small businesses have to deal with all these little rules all the time, just because they’re on the books and nobody’s bothered to change them.

I’m instructing the directors of every agency to conduct a top-to-bottom review of regulations, and then to send me a list of all the ones we can do without. It’s likely to be a long list. Wherever we find any regulation that is outdated, irrational, unfair, or destructive to free and honest enterprise in Arizona – that regulation will be gone.

While they’re at it, agency directors will also be reducing timeframes for permits and licenses. Our government needs to operate at the speed of business. And we have a Regulatory Review Council that’s stacked with lobbyists? Who’s advocating for the small business person, the startup, the entrepreneur who can’t afford an attorney to navigate the endless maze of bureaucracy? I ask that you pass a bill requiring a small business owner on that Council and I’ll sign it.

You’ll have my full attention when you send me any bill that has the purpose of advancing free enterprise and spreading opportunity. When that’s the aim, there is always more to do. I am frankly not impressed at all when I read that Arizona is still the tenth, or the fifteenth, or whatever, best place in America for finding work or doing business. In the competition among states our goal is not to be lost in the pack, somewhere between California and Texas. Our goal in Arizona is to be the best place in America to work and do business.

That same thinking should apply to education. In Arizona public schools, we can do better.

A snapshot of Arizona public education came in a survey a few years ago. It measured some basic knowledge among students, on matters where knowledge should be assumed. It was an elementary civics test, along the lines of the test required of every new citizen. And when 96 percent of our kids could not pass, you know something is missing.

Justice Sandra Day O’Connor has called this the “quiet crisis in education.” President Reagan told us, “If we forget what we did, we won’t know who we are.” And John Adams had it right too, remarking that every child in this country should be “instructed in the principles of freedom.”

To appreciate all this wisdom, however, it helps to know who Justice O’Connor, President Reagan and John Adams are. But for too many of our kids, those names sadly don’t ring a bell.

This is an issue that can and should unite us. These are our children, and not long from now, it will be for them to vote on who sits in your chairs and who stands at this podium. How can we expect them to protect the principles on which this country was founded, if we are not preparing them for that task right now?

It’s time to make this right and there’s a bipartisan bill – the American Civics Bill. Send it to my desk, and I’ll sign it immediately.

It’s also time to take charge of our public schools and take responsibility for their results.
For too long, the federal government has forced a one-size-fits-all model on our education system. Politicians and bureaucrats on the other side of the country, with no understanding of our state or the needs of our teachers and students, have sought to impose their standards and their will on our youth.

In Arizona, educational excellence is a priority. For the next four years, I intend to lead under a “Classrooms First Initiative.” Our goal is simple: To improve outcomes in the classroom for all our children. That’s why I propose to spend not less in the classroom than last year, but more.

Right now we spend far too much on administrative costs – on overhead – and that’s got to change. So this morning, I signed an executive order assembling a team of education and finance professionals charged with scrubbing every dollar in every formula in statute in order to identify ways to get maximum dollars into the classroom, where it can do the most good for our children.

We know where education happens, between a teacher and a student. In my administration, we will honor teachers and the good work they do.

Many teachers will agree with me on this, the quality of a child’s education should not be determined by what neighborhood their parents can afford to live in.

Our state has some great public schools, among the best in America, but unfortunately because of yesterday’s policies, many families are shut out. They sit and wait, as their sons and daughters get another year older and their dreams of providing them with the best public education possible slip farther and farther away.

This has gone on too long; I will not accept this inequality.

How many Arizona children should have equal access to our best public schools? My answer is – all of them.

Here’s what makes the situation even more troubling: Right now, there are nearly 400,000 empty seats in our public school system. In fact, some public schools are completely vacant. These are educational assets, funded by the taxpayer, meant to benefit our children, and they are going to waste. It’s time to put these assets back to work.

So here’s the plan: Let’s make open enrollment and parental choice a reality and not just a talking point. Let’s open the doors and make those empty seats available to our best public schools.

By creating what I call the “Arizona Public School Achievement District,” we can give our state’s best public schools – quality schools that are at capacity or have waiting lists – new and innovative options.

These public schools would have the ability to apply for use of the empty schools and empty classrooms, so we can put those kids where they belong – in the public school of their parent’s choice.

We also need to make capital available to our public schools that are ready to expand.

My budget will reserve resources that our best public schools can borrow against to bring down their debt service costs. And half the projects funded will be in low income communities. Every dollar not spent on debt service can go to more classrooms, more teachers, more students getting the education they deserve, regardless of where they live.

For consistently underperforming schools, it’s time for a change in management. First rate public school superintendents, principals, teachers and operators make the difference. They are the ones who give our kids a shot at a real education. So when local control intended to benefit children, turns into organized chaos to protect bureaucrats, expect a united Legislature and chief executive to make a change.
First Day

Looming over all our discussions about education is a court order demanding payment of money we don’t have. Here’s the short of it, elected leaders acted in good faith during the Great Recession to keep statutory commitments to education, while also keeping this state afloat. And now the courts have given us a choice – between a fiscal crisis or a constitutional crisis. So I say, to you – the Legislature: Settle this lawsuit. To the education community: Be reasonable – and put this behind us. It’s time to stop paying lawyers and start paying teachers. And Attorney General Brnovich: Dust off your dictionary and help us out here. The words of the statute are clear. “And” means “and;” “Or” means “or.”

Of course, improving the lives of Arizona children can’t and won’t end when they leave the classroom. Too many of our kids find themselves in difficult family situations because their dads aren’t being dads. So guys, I’ve got a message for all of you out there: Wherever the authorities know of a deadbeat dad in Arizona – find him and hold him to his responsibilities with the full force of law. If you are old enough to father a child in Arizona, you’re old enough to assume financial responsibility for that child. For single moms being stiffed by deadbeat dads, you need to know: “We’re on your side and help is on the way.” With all our renewed focus on opportunity in Arizona, it’s worth remembering that the best of these can be opportunities to serve.

In November, I launched an effort during the holiday season called “Serving Arizona” to highlight volunteer and charitable efforts throughout our state. Visit these food banks and shelters and you’ll see first-hand those who are struggling the most in our communities. You’ll also see the best of our state – people taking a little bit of time out of their busy days to help those most in need. Maybe it’s serving lunches. Maybe it’s packing food baskets. Maybe it’s reading to a child. Whatever it is, these selfless Arizonans are an example for those of us elected to represent them.

Christmas season has come and gone, but Serving Arizona has not. Giving more to charities close to our heart is always a good thing, but there is nothing like giving your time, and I hope with this effort to encourage that spirit. Our state isn’t without its challenges, but we have the leadership to reach our full potential. And I’m not just talking about here in this capitol. I’m talking about the leadership of all Arizonans. The mom who’s doing everything she can to make sure her children have opportunities she didn’t. The entrepreneur who is risking everything she’s got to chase her dreams and the teacher who will stay late tonight to help tutor one of his students. It’s about all of us. All Arizonans have a stake in making this state the best place in America.

In less than a month, our state will host the Super Bowl for its third time. As a sports fan, I’m pretty excited. I know you are too. It’s a prime opportunity to showcase Arizona to the rest of the country. It’s a chance for everyone in the world to know what we know – that Arizona is the place to be.

Members of the Legislature, I’m grateful for this chance we have to do good for our state. This is why the people sent us here. So let politics stand down for a while. Let future elections wait their turn. Let’s give our best for Arizona. It’s time to get to work.

Thank you and God Bless.

PERSONAL PRIVILEGE

Mr. Robson read the following House Recognition honoring Chief Clerk Cheryl Laube; and,
without objection, requested that his remarks be entered into the Journal:

In service to the people of the State of Arizona, the employees of the Legislature
provided invaluable assistance to the elected officials as those officials determine public
policy. As each policy idea develops and works its way through the constitutional
process to becoming law, staff assistance is critical at every step. For over three decades,
Cheryl Laube’s assistance to the Legislature has epitomized the selfless dedication of
legislative staff.

In 1982, Mrs. Laube was first selected to serve the House of Representatives as a
Secretary in the Secretarial office. Later serving as an Administrative Assistant to
Representatives Mark Killian and Leslie Whiting Johnson and George Weisz. In years
that followed, Mrs. Laube continued her service to the House of Representatives as the
Secretarial Supervisor and the Assistant Chief Clerk.

In November 2009, Mrs. Laube was selected to succeed Norman L. Moore as Chief Clerk
of the House of Representatives. On the second Monday in January 2010, the
appointment was carried into effect on the first day of the Forty-ninth Legislature, Second
Regular Session. At the appointed time, Representative Majority Leader John
McComish, District 20 moved “that Cheryl Laube be elected by unanimous consent as
Chief Clerk of the House of Representatives.” The motion was seconded by Minority
Leader David Lujan, District 15 and carried unanimously. Since that date, the members
and staff of the House of Representatives have shown their unwavering confidence in
Mrs. Laube by electing her Chief Clerk in 2011 and 2013.

During Mrs. Laube’s years of service she dedicated herself to each of her responsibilities

BUSINESS ON THE SPEAKER'S DESK

A communication from Governor Douglas A. Ducey on approval of the following bills was filed:

Communications from Governor Douglas A. Ducey on disapproval of the following bills were filed:

HB 2150, vetoed Mar 30, 2015

Dear Speaker Gowan:

Today I issued my first veto — House Bill 2150.

I know we all agree that animal cruelty is inexcusable, unacceptable and absolutely will not be tolerated in the state of Arizona. No animal should be the victim of abuse. Moreover, perpetrators must be held to account and properly penalized to the fullest extent of the law.

While the sponsors and supporters of this bill are well-intentioned, when changing state laws relating to the safety and well-being of animals, we must ensure that all animals are protected, and mindful that increasing protections for one class of animals does not inadvertently undercut protections for another.

I am open to working with the sponsors on this issue moving forward, while ensuring the protection of animals in our state.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor

HB 2410, vetoed Mar 30, 2015

Dear Speaker Gowan:

While quotas for traffic complaints don’t currently appear to be happening in Arizona law enforcement entities, none of us want to see such policies implemented. Therefore, I understand the intent of House Bill 2410.

However, in its current form, I worry that police chiefs and local entities will be prevented from objectively gauging performance in their departments — a concern for officers themselves, the public and overall public safety.

Therefore, I am vetoing this legislation at this time but am open to working to find ways to ensure quotas don’t become a practice in Arizona.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor

SB 1145, vetoed Mar 30, 2015

Dear President Biggs:

This afternoon I vetoed Senate Bill 1145. While I understand the sponsor’s concern about the strain the cost of one individual’s treatment at the Arizona State Hospital was placing on a small county’s budget, the issue was already being addressed by the Arizona Department of Health Services. On the same day that this bill was passed, the court ordered the individual transferred to a different unit within the State Hospital. In doing so, it ended the financial liability on Santa Cruz County as well as negated the need for this legislation.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
Dear President Biggs:

Just weeks ago, Arizonans saw the courage of our police officers and first responders on full display, as men and women who wear the badge rushed into harm’s way to stop a mass shooting in Mesa and hunt down the perpetrator. If not for their valor, this incident would have likely been even more horrific for our state and for the Mesa community. We continue to pray for the victims and pay gratitude to the officers who selflessly did their job to protect others and save lives.

It’s easy to forget that these heroes do this every day, all across our state and nation. We take it for granted, but the families and loved ones of police officers don’t have that luxury. They know that these brave men and women walk into dangerous and unpredictable circumstances all the time. As the son of a cop, I know this first-hand. Watching my dad put on a badge and serve, I learned to respect law enforcement and understand the trust society places in those who protect us. I’m committed to respecting them and honoring their work in my administration.

Arizona has lost 246 officers in the line of duty over the years, a testament to the dangers of the job that officers knowingly and heroically accept. But sadly, there is sometimes a troubling tone in the treatment toward our police officers. Too often of late, there is a rush to judgement when a police officer is left with no choice in the protection of innocent civilians. In an era of social media and 24-hour news commentary, these officers and their families have been subjected to public scorn, harassment and vicious attacks.

That’s not the treatment upstanding officers deserve. Our officers are on the front lines — the first to show up on the scene of a crime. They should be respected; not ridiculed. They and their families protected; not put at risk.

Therefore, I am more than sympathetic to the aim of Senate Bill 1445, and I respect the supporters of this legislation for seeking to address these issues. I know that the goal of this legislation is to protect officers and their families, and it’s a goal I share.

In determining how to act on this bill my number one consideration was this: What will best protect our officers and their families?

I’ve heard from many voices on this bill — from all sides — and have weighed all the arguments carefully and with great consideration. Unfortunately, I don’t believe this bill in its current form best achieves the objectives we share, and I worry it could result in unforeseen problems. Among the arguments most impactful to me in this decision were concerns raised by the chiefs of police. Under current law and in practice, chiefs have the authority to make decisions in the best interests of their officers and departments. Their concern, and mine, is that setting an arbitrary 60-day benchmark for release of names would limit their ability to best manage these often tenuous situations and result in unintended consequences.

As the chiefs have demonstrated, Arizona’s Public Records Act already gives police departments the authority to withhold the names of police officers who are involved in shootings – longer than 60 days, if necessary. Under this Act, a department may withhold the name where confidentiality, privacy, or the best interests of the State outweigh the public’s right to know the name. The law also permits the department to consider whether releasing a name “might lead to substantial and irreparable private or public harm.” Carlson v. Pima County, 141 Ariz. 487, 491 (1984).

There are many examples of our police departments exercising this authority in a manner that protects the officer’s identity while ultimately providing disclosure after the situation has cooled. Recently, the City of Phoenix Police Department waited for seven days after a shooting before releasing the officer’s name.

There are other considerations for not limiting the authority of police chiefs to make these decisions. With the proliferation of social media, rumors regularly run wild and unfiltered. An officer’s name could very easily come to light. The wrong officer’s name could circulate. Speculation replaces fact. It’s very easy to see news outlets running with information that is unconfirmed or erroneous, and under this proposed law, police chiefs’ hands would be tied and they would have no way to respond or set the record straight. The result could be the exact opposite of what this bill aims to do, escalating – rather than deescalating – the situation and potentially putting completely innocent officers’ reputation and safety on the line.

For all these reasons, it makes sense to allow departments to make informed decisions based on the facts at hand. I believe that is the best way to protect our officers.
Additionally, some provisions of Senate Bill 1445 contain ambiguities that seem to stretch outside the scope of protecting officers and their families from unjustified retaliation by creating new and expansive exceptions to the Public Records Act. Subsection (B) would require a police officer’s name to be redacted on all disciplinary records. Although ambiguous, subsection (B) could be applied to any police officer’s disciplinary record, regardless of whether that officer was involved in a death. In addition, subsection (B) has no time limitation and it will likely impose practical challenges when a department attempts to redact names and other identifying information.

Again, the treatment and safety of our officers and their families is on the top of my mind. My office is more than willing to discuss ways that we can address this moving forward. I look forward to working together and to finding ways to protect our heroes who wear the badge.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor

This afternoon, I vetoed Senate Bill 1171. While I understand the sponsor’s desire to provide greater information to those receiving a notice of failure to file a campaign finance report in a timely manner, I believe that the Secretary of State can address this issue administratively, rendering this bill unnecessary.

Minority Report:

I oppose the conference committee amendment to SB1201, Arizona historical society; board; membership. The bill would require the governor to appoint the Arizona Historical Society’s (AHS) Board of Directors and makes specific membership requirements from counties based on population. I supported SB1201 with Representative Brophy McGee’s floor amendment, which allowed current Board members to serve until the expiration of their term in office. The amendment instructed half of the board to consist of Governor appointed members and half to be composed of members elected by AHS. Additionally, the amendment required 6 members to represent counties with populations less than 900,000. While the conference committee amendment allows current AHS board members to serve the remainder of their term, it does not address a number of AHS’ standing concerns.

The conference committee amendment reverts AHS to an all Governor appointed board, disregarding input from the Society. While AHS is not opposed to having a partially governor appointed board, they are interested in maintaining some degree of a member elected board. Members of AHS join voluntarily and dedicate their time and efforts to the preservation and access of Arizona’s history. Having a member elected board, safeguards AHS’s goals and furthers the purpose of the Society.
Furthermore, the conference committee amendment requires membership from every county which could prove problematic and burdensome to members from rural counties. Members are responsible for all travel and lodging costs to attend the bimonthly meetings, for which they are not reimbursed. Currently the board has representation from various counties throughout the state, however struggles in recruiting members from rural counties due to the financial toll attending meeting incurs. Setting specific membership requirements for rural counties opens the door for vacant seats on the board. AHS believes removing membership requirements for smaller, rural counties comes at a benefit to members that may be otherwise forced to absorb travelling costs to attend meetings.

Finally the conference committee amendment was not agreed upon or discussed with AHS. For this and the aforementioned reasons, I oppose the conference committee amendment.

Letters of transmittal received after adjournment sine die from Governor Douglas A.
Ducey indicated the following:

On March 30, 2015, the following letter of executive intent was received from the
Governor:

Dear Secretary Reagan:

Today I signed H.B. 2530. While I am supportive of the underlying policy of the bill —
that every child and their parent should have immediate and unhindered access to their
educational records — this bill has some ambiguities that I believe should be addressed
by the Arizona Department of Education as they implement this bill. For example, the bill
is silent on how and to whom the alleged violation would be reported, who would
investigate the allegation and which entity would make a final ruling and whether either
party could appeal a decision. I would encourage all parties involved in this legislation to
work with the Department to clarify these implementation issues.

Sincerely,

/s/DOUGLAS A. DUCEY

Dear Speaker Gowan,

Today, I vetoed House Bill 2566. While I agree with the intent of the bill to properly secure the state’s data, my administration has already addressed and developed IT security policies governing passwords, encryption, and other security concerns. Moving forward, I look forward to working with our new Chief Information Officer to expand our security coverage.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1200, mining and mineral museum; transfer

Dear President Biggs:

Today, I vetoed Senate Bill 1200. Although I commend the work of the bill’s sponsor, we must evaluate the use of state buildings holistically, rather than individually. At this point, there is not a plan or organizational structure in place to ensure the successful
transition of the mining and mineral museum. While I appreciate the desire to preserve and celebrate the unique characteristics of Arizona’s past, it would be premature to sign this legislation at this time.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1450, banks; insuring organization

Dear President Biggs:

This afternoon, I vetoed Senate Bill 1450. While I understand the sponsor’s intent of the bill, I am concerned that the language in its current form is not consistent with existing federal law.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

On April 10, 2015, the Governor disapproved the following:

SB 1285, job training; stipends; STEM; internships

Dear President Biggs:

Today, I vetoed Senate Bill 1285. Given that the budget that was recently passed by the Legislature and signed by me repealed the Job Training Employer Tax, I do not feel that it would be appropriate to add another funding requirement to a fund whose revenue source is being repealed.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

SB 1293, GIITEM subaccount; predictive policing technology

Dear President Biggs:

Today, I vetoed Senate Bill 1293. I share the Legislature’s concern about border security and I am committed to working with you to look for ways to ensure that we are maximizing resources on the border, as a part of a broader budget discussion. Earlier this year, I directed the Department of Public Safety to begin conversations with border county sheriffs and local law enforcement to identify their needs and determine the best way for the state to supplement those needs. I look forward to a discussion over the interim with interested parties to ensure that we are maximizing our resources for crimes relating to drug and human trafficking.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2176, federal land relinquishment; payments

Dear Speaker Gowan:

Today, I vetoed House Bill 2176. I share your concerns about the amount of federal lands in Arizona, which is why I was happy to sign (HB2658 – federal lands; transfer; study committee). I look forward to reviewing recommendations set forth by this planning committee prior to making decisions about how to proceed.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2296, adoption petition; county attorney

Dear Speaker Gowan:

Today, I vetoed House Bill 2296. While I understand the stress currently on county budgets, my concern is that this law could potentially reduce the number of adoptions. I encourage the counties to look for other cost saving and efficiencies.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2318, transfer of public lands compact

Dear Speaker Gowan:

Today, I vetoed House Bill 2318. I share your concerns about the amount of federal lands in Arizona, which is why I was happy to sign (HB2658 – federal lands; transfer; study committee). I look forward to reviewing recommendations set forth by this planning committee prior to making decisions about how to proceed.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona
HB 2327, vehicle insurance cards; barcode

Dear Speaker Gowan:

Today, I vetoed House Bill 2327. I understand the desire to embrace innovation and new technologies, so I am sympathetic to the goal of the sponsor. Fortunately, current law does not prohibit automobile insurance companies from voluntarily utilizing encrypted barcodes on their insurance cards. Since a statutory change is not needed, I think it is best that we let the insurance industry self-regulate and determine when and how to best introduce this feature in Arizona.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2540, ballot measures; forms; filing officer

Dear Speaker Gowan:

Today, I vetoed House Bill 2540. I appreciate the intent of this legislation; however, the petition process is inherently a power reserved to the voting public and therefore it is contingent upon them to ensure proper compliance with all applicable laws. Additionally, I fear that inserting state and local employees deeper into the signature gathering process exposes them to unnecessary liability. If a county of municipality decided that this is a good policy, the local governing body or their voters can adopt it as part of their local election code.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2587, state agencies; credit cards

Dear Speaker Gowan:

Today, I vetoed House Bill 2587. Currently my Administration is undertaking savings and efficiency efforts with our vendors. While I appreciate the Sponsor’s intent to create savings for the State, this is a matter that can be handled administratively at this time.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

On April 13, 2015, the following letter of intent was received from the Governor:

SB 1459, pupils; restraint; seclusion; requirements

Dear Secretary Reagan:

I signed S.B. 1459.

This bill establishes consistent and uniform policies for the standard of care for all children, including children with special needs, in our public schools. While I support this measure, I believe it would benefit by considering protections to well-intentioned individuals acting in good faith in emergency situations. I recommend that the parties involved in this legislation consider this issue in the next legislative session.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona
On April 14, 2015, the Governor approved the following:

SB 1135, tax liens; delinquency; partial payments.
HB 2617, regulatory relief tax credit
(now: counties; municipalities; budgets )
HB 2653, tax liens; delinquency; partial payments

On April 14, 2015, the Governor disapproved the following:

HB 2178, wine consumption

Dear Speaker Gowan:

Today, I vetoed House Bill 2178. As with any new product, it makes sense to monitor its impact on public health and safety. At this time, there does not appear to be evidence that this bill is necessary. I have instructed the Director of the Department of Liquor Licenses and Control to review administrative rules to ensure that powdered alcohol is regulated to the same extent as other sporotous beverages.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2358, TPT; exemption; crop dusters

Dear Speaker Gowan:

Today, I vetoed House Bill 2358. While I agree and support tax policies that treat both the charter and commercial airline industry the same, and provide tax relief for purchases of aircraft for agricultural use, I have a concern regarding the unknown financial impact of making the former policy retroactive back to 1998. I encourage the sponsor to make necessary changes that allow for the charter industry to compete and thrive in Arizona, while also mitigating any unintended financial consequences to the State. I look forward to reviewing an amended version of this bill next session.

Additionally, I am requesting that the Arizona Department of Revenue stay any future and ongoing enforcement efforts of taxation on the leasing and purchasing of aircraft by charter operators, and the purchasing of aircraft built for agricultural use.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

HB 2592, justice of the peace; residency

Dear Speaker Gowan:

Today, I vetoed House Bill 2592. I do not believe it is appropriate to create a separate residency standard for one specific elected office.

Sincerely,

/s/DOUGLAS A. DUCEY
Governor
State of Arizona

RULE 1
MEMBERS

A. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Arizona Constitution, Article IV, Part 2, Section 11). A violation of any of the House Rules shall be deemed disorderly behavior. When a roll call vote is ordered on the floor of the House and subject to the provisions of Rules 6 and 14, members are required to vote after a reasonable time, as determined by the Chair, and may be punished for disorderly conduct if the member fails to vote after a reasonable time.

B. When any member shall be guilty of a breach of any of the Rules and Orders of the House, and the House has determined that he has so transgressed; he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

C. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

RULE 2
ANNUAL SESSIONS

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The Speaker may by declaration authorize the extension of the session for a period not to exceed seven additional days. Thereafter the session can be extended only by a majority vote of the House.

B. If not considered in the regular session, the general appropriations bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.
RULES OF THE HOUSE

RULE 3
OFFICERS AND EMPLOYEES

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of the House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this Rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this Rule.

RULE 4
THE SPEAKER

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned; immediately call the members to order; cause the roll to be called; and, if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases except to determine his own rulings.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member as Speaker Pro Tempore to perform the duties of the Speaker. In his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during the Speaker's absence.
F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

J. Every bill, resolution and memorial, except death resolutions and Senate bills to be substituted on third reading pursuant to Rule 7 C, shall automatically be assigned to the Rules Committee at the time of assignment to another standing committee without action upon the part of the Speaker.

--------

RULE 5

THE CHIEF CLERK

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same in paper form or electronically to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Assistant Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.
RULES OF THE HOUSE

RULE 6

ROLL CALL, QUORUM, CALL OF THE HOUSE

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented; and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 35 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by less than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege". A Call of the House may be ordered by a majority of the members voting, provided the minimum number authorized to order a Call of the House is present.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.
RULE 7

ORDER OF BUSINESS,

SUBSTITUTION OF SENATE BILLS FOR HOUSE BILLS

A. The House shall convene at the call of the Speaker each day during legislative session unless a different time or day is fixed by the Body. The daily Order of Business shall be as follows:

1. Roll Call  
2. Prayer  
3. Pledge of Allegiance  
4. Approval of the Journal  
5. Petitions, Memorials and Remonstrances  
6. Reports of Standing Committees  
7. Reports of Select Committees  
8. Business on the Speaker's Desk  
9. Bills and Other Business from the Senate  
10. Motions to Discharge Committees  
11. First Reading of Bills  
12. Second Reading of Bills  
13. Third Reading of Bills  
14. Unfinished Business  
15. Committee of the Whole  
16. Disposition of Business from Committee of the Whole  
17. Orders of the Day  

B. At any time after the reading and approval of the Journal any member may authorize a motion to be made that the House go into Committee of the Whole for the consideration of bills raising revenue or the general appropriations bill.

C. When Senate bills are received which are identical to House bills which have already been favorably reported by the Committee of the Whole, they may be substituted for such House bills on Third Reading.
D. Business shall be taken up and shall be considered only when the class to which it belongs shall be declared to be in order. Questions of privilege including introduction of guests shall be in order as provided in Rule 26 B.

E. All questions relating to the priority of business shall be decided by a majority of those voting without debate.

F. When multiple legislative sessions are held on one legislative day, the Prayer and the Pledge of Allegiance under the Order of Business in subsection A of this rule are required to be followed only for the first session of that day.

RULE 8

BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES, AMENDMENTS

A. Every bill, resolution and memorial shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any bill, resolution or memorial shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Bills, resolutions and memorials may be introduced by a member by presenting copies of such bill, resolution or memorial to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such bill, resolution or memorial preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the bill. Introductions "by request" shall be so designated. A bill introduced in the House may be cosponsored by Senate members. A House member’s sponsorship may be withdrawn by that member from any House measure that has received a favorable committee recommendation following the adoption of an amendment to strike everything after the enacting clause and insert new material. Following an effective withdrawal of sponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of sponsorship shall be effective if all of the following apply:

1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.

2. The measure has been favorably reported out of Committee of the Whole.

3. The measure has not been brought for a vote on Third Reading of Bills.

4. The measure would have no less than one sponsor following the member’s withdrawal of sponsorship.
C. Bills, resolutions and memorials may be introduced during the first 29 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every bill, resolution or memorial shall have at least one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a bill shall be considered the prime sponsor.

D. Bills, resolutions and memorials may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Bills, resolutions and memorials may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Bills, resolutions and memorials may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such bills being germane to the call.

E. A bill, resolution or memorial shall be prefiled in the same manner prescribed for introduction. Bills, resolutions and memorials prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Bills, resolutions and memorials accepted for introduction shall be entered in the Journal by the Chief Clerk.

G. The original of a bill, resolution or memorial shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

H. All bills prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

I. On First Reading of bills, resolutions or memorials, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of bills, resolutions or memorials to be duplicated.

J. On First Reading, all bills, resolutions or memorials shall be referred by the Speaker or the Speaker’s designee to appropriate committees. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. All amendments proposed by the committee shall be separately reported. If the Speaker designates his referral authority pursuant to this rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

K. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

L. The Speaker may direct that any bill be second read at the time of its consideration by the Committee of the Whole or on any day prior thereto.
M. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

N. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House bill shall have a green backing. The original House engrossed Senate bill shall have an orange backing.

O. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

P. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

Q. All bills, resolutions, memorials and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

R. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original bill. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker prior to presentation in all committees, including Committee of the Whole and conference committees.

S. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 4:00 p.m. on the second previous working day, excluding Saturday, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by delivering a draft of the proposed amendment to the office or the secretary of each member of the committee, posting such notice at the Information Desk and leaving a copy of the draft in the office of the Chief Clerk.

2. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his official duties will have a material financial benefit or detriment either directly or indirectly on the member, his spouse or any minor child of whom he has legal custody, except that no personal financial interest exists if the legislator or such member of his household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.

RULE 36

POLITICAL PARTY CAUCUSES

All meetings of majority or minority political party caucuses of members of the House shall be open to the public except organizational meetings to elect officers of the caucus and the House and meetings to discuss matters, including those permitted in executive session as set forth in A.R.S. section 38-431.03. Each caucus shall establish procedures for convening political party caucuses.

RULE 37

1. Every bill, resolution and memorial shall be referred to one or more standing committees, except death resolutions and Senate bills to be substituted on Third Reading pursuant to Rule 7 C.
2. Except as provided in paragraph 3, if three-fifths or more of the members of the House sign a petition to discharge all committees from further consideration of a bill, resolution or memorial the measure shall be placed on an Active Calendar of the Committee of the Whole within one week unless the House adjourns sine die. If the measure is reported favorably by the Committee of the Whole it shall be brought for Third Reading.

3. If three-fifths or more of the members of the House sign a removal request, a bill, resolution or memorial shall, irrespective of the measure's status, be removed from the possession of the Rules committee and shall be placed on an Active Calendar of the Committee of the Whole within one week unless the House adjourns sine die.

ATTEST:

JIM DRAKE
Chief Clerk of the House of Representatives
Letters of transmittal received after adjournment sine die from Governor Douglas A. Ducey indicated the following:

On October 30, 2015, the Governor approved the following:

HB 2001, schools; base level; appropriations.
HB 2002, statewide special election.

On October 30, 2015, the Governor approved the following with an expression of executive intent:

HB 2001

Dear Secretary Reagan:

Today I signed HB 2001, enacted by the Fifty-Second Legislature in its First Special Session, which authorizes a permanent infusion of dollars into our education funding system.

Over a 10-year period, and upon voter approval of HCR 2001, HB 2001 will provide nearly $3.5 billion for education. This represents $2.9 billion in basic state aid and $625 million in additional appropriated funds that schools can spend according to their needs.

I thank the members of the Arizona Legislature and the education community for their commitment to resolve the years-long inflation funding lawsuit. With this bill, educators will finally have the resources they have been asking for, and our students will have greater opportunities to succeed.

Sincerely,

/s/DOUGLAS A. Ducey
Governor
State of Arizona
