Speaker Toma welcomed and introduced guest speaker, President & CEO of the Arizona Diamondbacks Derrick Hall.

President & CEO of the Arizona Diamondbacks Derrick Hall addressed the House as follows:

Thank you, Mr. Speaker. Thank you, everybody. It's good to be here. I still cannot believe you fit an entire marching band in this room, in this chamber. I also have Luis Gonzalez here, Gonzo. Come on up here Gonzo; figure we'll have Gonzo say a few words just in a few minutes. Luis is now senior advisor to myself and the organization. So it's good to have him back in the organization. He's been here for a while now. At first, we weren't sure what he was going to do or what he was even doing. He would come in right around lunchtime, decide where we should go eat. We'd go eat, and then he leaves. So we were going to change his title to senior director of lunch, but we kept it senior advisor nonetheless.

First Day

It's tough to follow, you know, great speakers and performers. And so far, wow, what a day, what an event. And it reminds me, years ago I used to spend a lot of time with Hall of Fame Manager Tommy Lasorda, and he would get up and give lots of speeches, but he really only had two or three and he would just rotate them. And I had heard the same speeches over and over again. But there was one time he had been invited to go give a speech and he was going to speak at the same place and same luncheon as Margaret Thatcher. And so as he gets the request, I said, Well, Tommy, you're going to have to do something above and beyond what you normally do. He says, I don't have to worry about it. I said, okay. And he said, You can come, you'll see. And I said all right. So we go to this luncheon. Well, she goes first, and she gets up and gives this great speech. And she's just elegant and eloquent as usual. And I'm looking at him and I could see that hamster running in his head. So she finishes, and now it's his turn. And he's walking up slowly, looking down at the ground. He gets up, he looks around, he says, you know, I knew this was going to be an important speech. I wrote my own speech. I practiced my speech over and over again. I did it in front of the mirror. I rewrote the speech. I practiced it again. He said, I folded it up and put it in this sport coat, knowing I'd wear it today so I wouldn't forget it. He said, and it's missing. I'm sorry to report, Margaret Thatcher stole my speech.

Well, we were asked to share a few experiences from this past year and what a special year it was. And it really began in the spring. You know, we had the World Baseball Classic that we hosted here, and what a success that was. And to see how that event has now grown and to look out on the streets of downtown and see everyone wearing their national jerseys. Whether it was Team Mexico or it was USA or Canada, just the spirit in Chase Field was like we had never seen before. And this was really about the first season we had in probably the last five years because we had the pandemic and then we had smaller crowds that we would allow in after the pandemic. And then we had the work stoppage, and we had the labor issues. And so, for us to have all of that behind us and then the rules changes, that came at a perfect time. And those rules changes seem like they really worked for our team. You know, we had this young, speedy, athletic, energetic team. And these new changes came at the absolute perfect time for us. So what a season to start.

And spring training was back to normal and the response we were getting from our fans, how excited they were, with our young and talented team. And again, we'll ask Gonzo to speak. He loves it when I get up and just talk, talk, talk, and then I turn it over to him. But this team really drew a lot of excitement and a lot of attention, and it started to attract that attention nationally, too.

So, we go into the season, and we start out very well, obviously, at one point, you know, we were 16 games, over .500. We had the best record in baseball, but we had a plan, and we would tell our fans and we would tell the media for the last three or four or five years, trust us, be patient. We're going to get there. And it wasn't that we were rebuilding, but we were building something new, and we had tried so much over the last couple of years, whether it was dipping our toes in an overabundance of free agency that really didn't work or we thought we were a player or two away and we would make one big move and that really didn't work either.

We had to get back to our roots, who we were, and make sure that we developed properly from within and that we scouted, that we developed those players and brought them up, and retained them, and controlled them over the years, and that we had this right and smart international signings as well.

So you look around that baseball team and you could start to see that really coming to life and again, going back to those young players to do that, our fans really grew to love this year. But when you look around and you see around the infield or even in the outfield, or on the pitching mound, but you see Ketel Marte and Geraldo Perdomo, who were great international signings, or you look in the outfield and you see Alek Thomas and Corbin Carroll, who were scouted, drafted, signed, developed from within, or some of our smarter trades where Gabby Moreno who became a crowd favorite behind the plate, or Lourdes Gurriel in the outfield who we have since resigned as well; third base now Eugenio Suárez, who we traded for. You look at our starters, Merrill Kelly, we had signed him as a free agent, but he was really more or less developed from within, Zac Gallen, who we had traded for. So we really have the roots of a very strong and talented team.

First Day

But something happened midway through the season, and it all changed. But I go back to spring training. There was just a different feel. So, what was the difference? And I think and he can vouch for this, you can go in any of the other 29 clubhouses during spring training and they're all basically going to say the same thing. We've got a chance to win this year. Why not us? We want to win. We want to get to the playoffs. Or we want to get back to the playoffs. And in our case, you know, we hadn't been to the NLCS since 2007 and we didn't get back to the playoffs until 2011. Then we didn't get back until 2017 and now this year, 2023. So long periods of time, big droughts and we thought we have to do it more frequently, more consistently. And that's really what we set out to do.

So how are we going to do that? And we have a manager who's really a players' manager. He connects with those players. They love him, they idolize him. They would go through a wall for him. And he used different words than you would normally hear in spring training. And the big one was love. And in our first day of spring training, he said, look to your left and look to your right, you're going to love each of those players. You're going to love each other. And again, you hear these words, but they don't always come to fruition. They don't come to reality. But this year it did. And it's that we're going to be a team. We're going to stay together. We're going to care for one another. We're going to work together regardless of adversity or any differences we may have.

It was teamwork. And that's what you all are about here as well. But it was, we're going to get through the hard times. We're not going to let anybody drive any wedges or cause any cracks. We're not going to cave. And we didn't. So here we were, 16 games over .500. We have the best record in the National League at the time and everything fell apart.

We had six weeks of disastrous baseball and disastrous results. And we went from 16 over to two games below .500. And the criticism really started, which is natural, and people were getting demanding and putting pressure on us. You've got to make changes. There was pressure to fire the manager, who, by the way, was just named baseball writers, I'm sorry, Baseball America Manager of the Year, because he did do such a tremendous job. But again, you can't cave into it. You've got to stick to your plan, and we had that plan, and they got through it.

We got to the trade deadline. And again, don't overreact. You can't overreact. There were all sorts of attacks on social media and our fans were upset. The media was on us, as they should have been, but we had to believe in ourselves. And that speech that they gave at spring training had to ring true. And it did. And we turned it around. But at the trade deadline, we wondered, should we even invest in this team? Is this really who we are? This team that's two games below .500, not the 16 games above .500, but we invested in the team.

We made a few acquisitions, a few trades, and we sent a message to that locker room that we believe in you. And they battled back, and they fought, and they made it to the playoffs, and boy, was it magical.

And so here we were. We weren't sure where we were going to go. We knew we were going to go to Milwaukee first, but we didn't know till right before we left. It was one of those, where you know you're going to go to one of two places. And we were thinking, at the time, this is great experience for these young players because we want to get back to the playoffs at some point. We didn't know it was going to be this past year, but we knew we were getting close. But we want to get there more frequently and consistently, as I said, and so we thought, okay, we're going to go to Milwaukee, we might lose. We're only playing two games, we might lose, but this is great for them next year. Well, we go to Milwaukee, we sweep the Brewers in two games. And by the way, every game that we played, we were the underdog. We weren't favored to win any one of our games.

We then were going to L.A., again, living out of our suitcase, not knowing where to go next. And so, then we packed up, go right from Milwaukee to Los Angeles. And you know how well we play against the Dodgers. Not so well. And by the way, after this series, I'll tell you the results, but you probably know. We swept the Dodgers in three games. We won two there. And I think we poked the bear a little bit because they spent a billion dollars on two players in about a week, because they can do that. But, you know, it was so rewarding, and we didn't just beat them. We had a great series. It was so much fun.

First Day

You think back to that one game at Chase Field where, you know, we hit four consecutive home runs. And the fourth home run, which was Gabrielle Moreno, he hits it, he's rounding the bases, the umpires get together, they call it a foul ball. We thought oh; and the place was louder than I've ever heard it. And by the way, going back to the World Baseball Classic, that was the loudest I had ever heard it. We would have said way back 2001, probably as loud as it gets. 2017, when we won that wild card game against the Rockies and Archie Bradley tripled and the place was as loud as I had ever heard. Those four home runs were as loud as ever. Well, they say it's a foul ball. Moreno gets back up, the next pitch, he hits it out. So, he still had a home run. We still had four in a row, and it was magical there too.

Now we're going on to Philadelphia, who is coming off a World Series the year before; a tough team; veteran team. They were hot. They caught fire at the end of the year. We go to Philadelphia. We lose our first two games. We come back for three, we win two out of three. So we get to go back there and it's the unthinkable. You've got to win two games, six and seven in Philadelphia. Well, we went back there. By the way, their fans are not the nicest. They weren't very welcoming; they weren't very polite. But we took care of them. So, we won those two games at Philadelphia, and I'll never forget that night. We're on stage, they're presenting the trophy to us for winning the pennant, and there's just this hum of boo, the fans that stayed there to watch our celebration and they just stayed there booing us and it felt even better. It was great. We've got pictures of us on stage with the Liberty Bell sign behind it. It was spectacular to have done it there. And I'll never forget.

But I went back to the hotel afterwards and we were going to throw a party with all of our players and coaches and employees that were there and families of the players. And that was special too, just culture, right? It's all about culture.

Throughout the entire playoffs, we took all of the players' families and we had breakfast every morning all together, the front office and the coaches and the players. We were one tight family, and you know, to see them then go back to the hotel, they're about to celebrate knowing we're going to the World Series. And I had my wife and one of our three children at the time, adult children, who was with us. And I said, you guys go to the party, I'll be right there, and I went upstairs, went to my room, kept the lights off, sat down in a chair, and just started bawling and sobbing because it was so powerful and so great. We didn't win the World Series, but that's okay. It's tough to get to the World Series, and we did, and we want to do it more for you.

The other thing we set out to do, first day of spring training, was to make Arizona proud. And I think we did. You know, we're not the Phoenix Diamondbacks, or a better way to say it, maybe we are. We are the Phoenix Diamondbacks, but we're the Yuma Diamondbacks, the Tolleson Diamondbacks. We're the Winslow Diamondbacks, we're the Tucson Diamondbacks, Flagstaff Diamondbacks, Show Low Diamondbacks. We are the Arizona Diamondbacks and we wanted to make you proud.

So here we are now; you blink and it's a new year and we're just about at spring training. And so, we're going to have to repeat and do it again. We hope so. But similarly, here you are. It's a new year, it's a new session. And just like us, what can we all learn? It's teamwork. It's working together. And I know you all will work together, I hope. And I know you'll do, just like our players did, because one other very special message that we kept pounding home. You're playing for the Diamondbacks. You're doing what's best for the team, not for your own individual stats, not for your career. And we have faith in you all too, that you're going to do what's best for our great state. You're not necessarily going to do what's best for you, but you're going to do what's best for our state.

There's going to be criticism. We know that, there's going to be attacks. That's okay. We've got your backs. We believe in you. I thank you for everything that you do. We know the sacrifices that you're making as well. There's this great quote about baseball, that it has a unique ability to bring together people from all different walks of life, and so do you. That's one of the great things about our state. It does just that too. So, let's continue to do it. We'll do it together. And there are times where we don't feel like we have too many fans. There are times where we don't play so well. We don't have winning seasons; but we do the right things.

First Day

You know, I'm so proud of what we do in the community. We give back more than all of the other local sports teams combined. We're reaching the \$85 million mark in community giving and that's almost just as good, if not better, than getting to the World Series. But we're going to continue to do that for you. And we're going to continue to be here for you.

So just know we have those fans, regardless of how we play, we know it. We've got those fans, and you do too, all the time. And one of them is right here. Another one is right there. So, all I can say is go D-backs, go Arizona. And I'm going to turn the mic over for a few minutes to my friend Luis Gonzalez.

Thank you. Thank you for having us.

Senior Advisor to the President & CEO of the Arizona Diamondbacks Luis Gonzalez addressed the House as follows:

I'll be brief because Derek stole my speech. So, thank you guys. I just want to say, on behalf of all the players in our organization, all the people that live in the state of Arizona, thank you, thank you, thank you for committing not only yourselves, but your families to everything that you do each and every day. This is an incredible state. A lot of us are transplants from all over the country, and we live here for a reason. We love the people here, we love the community, we love the state. And of course, we love the weather, except for this morning, but other than that, this is why we live here.

And you guys continue to make this an incredible place to be and that's why you're seeing every day in the news, everybody wants to come here to Arizona. Continue to do what you're doing. We appreciate everything. And we're always here for you guys. And go Arizona.

Thank you so much.

RECONVENE

At 2:04 p.m. Speaker Toma called the House to order.

**JOINT SESSION OF THE SENATE AND HOUSE OF
REPRESENTATIVES OF THE FIFTY- SIXTH LEGISLATURE
SECOND REGULAR SESSION OF THE STATE OF ARIZONA**

The Joint Session of the Second Regular Session of the Fifty-sixth Legislature was called to order by Representative Ben Toma, Speaker of the House of Representatives, at 2:04 p.m.

Senate President Warren Petersen delivered the following message:

The Senate looks forward to working with the House and you on a very successful session and to accomplish our vision for Arizona. Our plan is one that anyone can get behind—A structurally balanced budget. Lower gas prices. Teacher pay raises that put Arizona above the national average. The ability for every child in the state to be in a great school. Draining politics out of the classroom, and focusing on reading, writing, math and ready to work skills. Law and order in our streets and at our border. Shrinking government and putting more money into the pockets of our citizens who are reeling from inflation. Allowing businesses and population growth while using less water through conservation and augmentation. And we're going to protect our kids. We will increase penalties against those who commit sex crimes against children. This is what we're about—balance, common sense and sanity. These are some of the things you can expect to make it to the governor's desk.

I look forward to welcoming our Governor shortly, working together in any way that we possibly can to further and improve the state of Arizona.

Speaker Ben Toma delivered the following message:

I agree with everything you said there and would add that any effort to eliminate or undermine parental choice in education will not succeed in this legislature.

Arizona is leading the nation to ensure that government no longer has the authority to dictate to parents what school their children will attend and what they will be taught there.

All Arizona parents now have a voice in the education of their children and the growth we're witnessing makes it clear that they are not interested in co-parenting their children with the government.

Now, let us welcome the Governor to this Joint Session of the Fifty-sixth Legislature.

The Sergeant at Arms announced the Joint Organization Committee consisting of Senators Bennett, Bolick, Borrelli, Alston, Bravo and Gonzales and Representatives Grantham, Bliss, Wilmet, Crews and Villegas returned escorting Her Excellency, Katie Hobbs, Governor of the State of Arizona.

Monday, January 8, 2024

First Day

Governor Katie Hobbs, who was introduced by Speaker Ben Toma, delivered the following message:

STATE OF THE STATE
GOVERNOR KATIE HOBBS
SECOND REGULAR SESSION, FIFTY-SIXTH LEGISLATURE
JANUARY 8, 2024

Speaker Toma, President Petersen, members of the House and Senate, Attorney General Mayes, Secretary Fontes, Treasurer Yee, Superintendent Horne, Mine Inspector Marsh, Corporation Commissioners, Chief Justice Brutinel and members of the judiciary, tribal leaders, Governor Brewer and honored guests, and all Arizonans:

It is my honor to stand before you today at the opening of the Second Regular Session of the 56th Legislature, here on land that will always be connected to the O’Odham and the Piipaash of today’s Salt River Pima-Maricopa Indian Community and of the Gila River Indian Community.

What a year it has been.

We have worked together, debated each other, pushed one another, and—most importantly—put aside our differences when it mattered most to do what’s right for Arizona and the people who call it home.

Now, I think we can all agree it certainly hasn’t been easy. But, our constituents didn’t send us here to the Capitol to solve easy problems or take the easy way out.

They are relying on us to ensure Arizona’s economy works for middle-class families ...

that we are taking action on securing the border where the federal government has so clearly failed ...

that we continue creating good-paying jobs for working-class Arizonans ...

that we help lower costs on everyday items ...

that our water future is secure ...

that our schools are safe and places of opportunity ...

that healthcare is accessible for those who need it and when they need it ...

and that our rights and freedoms are protected ...

As a born-and-raised Arizonan, a social worker, a mom, and the sister of two public school teachers, these are the reasons I wake up every day to fight on behalf of Arizona.

As we embark on this new year—one that will be filled with highs and lows, tough choices and compromise—it is my sincere hope we never lose sight of why our fellow Arizonans bestowed on us the honor of representing them and why we must always strive for progress and for a better tomorrow.

With that, I am proud to share with you the progress we have made in the past year on many of these key issues. And, just as importantly, I look forward to outlining the work before us in the months ahead.

The foundation of what we do as elected officials here in this Capitol is rooted in keeping Arizona families safe.

That’s why we cannot go forward without first addressing Washington’s ongoing failure to secure our southern border—a failure decades in the making under both Democratic and Republican administrations.

When my fellow Arizonans gave me the honor of this office, I pledged to not play the same old political games that created this crisis and that have continually hurt communities, families, and our state.

First Day

No one understands the misguided efforts of the past more than our neighbors, sheriffs, small business owners, and local law enforcement near the border who work every day to offer solutions where the federal government has failed.

One needs to look no further than the decision to close the Lukeville port of entry, which did nothing to actually solve our immigration crisis but did hurt businesses and families. My administration worked tirelessly to reverse this short-sighted action by the federal government and took extraordinary steps—including sending the National Guard to the border—to bring security and common sense to this situation.

Day in and day out, I hear from leaders on the border who need support because they are stepping up where the federal government can't, or won't. This year, they asked for boots on the ground, improved communications systems, resources to combat human trafficking, and the latest technologies to keep communities on both sides of the border safe. And I delivered. By refusing to waste money on cheap political stunts, we awarded over eighty-four million dollars to help border communities manage the massive influx in migrants.

But we must do more.

That's why I launched Operation SECURE, creating a Border Coordination Office within the Arizona Department of Homeland Security. This session, I'm seeking ongoing funding to better coordinate our border response and continue fighting this humanitarian, economic, and enforcement crisis.

This new funding will expand the Operation with critical investments in border security, as well as resources to intercept the flow of fentanyl. Every Arizonan should know we are taking significant and meaningful steps to keep them safe—even when the federal government refuses to. These investments will strengthen law enforcement efforts, raise awareness through an education campaign, and expand harm reduction and treatment services, particularly in rural areas.

Together, let us continue to find real solutions, support law enforcement, first responders, and community leaders who are on the frontlines of this issue, and push Washington to do its job to secure our border.

And just as I will continue to hold the federal government accountable for their responsibilities, we must also fulfill our fiscal duty to this state. We face an approximately eight hundred and fifty million dollar shortfall between this fiscal year and the next.

And make no mistake, it will take all of us working together to solve this gap without harming Arizonans.

To all those who call this state home, let me share this message: we will not shirk our responsibilities and we will not kick the can down the road for our children and the next generation to solve. And we will not cut spending on vital services.

To those in this chamber today, the people of Arizona are counting on us—and we will not let them down. Let us find common ground, focus on real solutions, and strengthen our state's balance sheet.

You will see the details on how I plan to address this gap when my budget is released later this week. We will rein in wasteful spending without sacrificing public safety and public education.

We will establish guardrails on unaccountable programs without hurting hard-working families.

And we will tighten our collective belts through increased efficiencies and innovation without gutting programs that support small businesses, seniors, and those in need.

I look forward to working with leadership and members from both sides of the aisle in the months ahead to get the job done.

Despite our budget issues, we have much to be proud of in our amazing state. Nowhere is it more apparent that the State of Our State is ascending than in the unprecedented strength of Arizona's job market and the record investment in our economy.

First Day

Let us celebrate that today, more Arizonans are employed than at any point in our state's history.

This milestone is a testament to the hard work and commitment of our entrepreneurs and innovators, our community colleges, universities, tradespeople, and of so many who recognize the promise of Arizona.

Just as impressively, our state has attracted thirty-two billion dollars in foreign investment—more than California, Texas, or any other state in the nation. That thirty-two billion dollars means jobs, jobs, and more jobs for working people in Arizona.

We created over fifty-six thousand jobs in 2023. And we're just getting started.

Arizona leads the way in attracting the high-tech and advanced manufacturing businesses that are building our nation's future.

I'm proud to say these achievements were possible because of partnerships between the public and private sectors. We should applaud the chambers of commerce and economic development groups across the state, and most particularly, the Arizona Commerce Authority, for their tireless efforts to attract new, high-quality jobs—jobs that can be life-changing for families and transformational for communities. With this continued success, there's no question we must pass continuation of the Arizona Commerce Authority.

As I said, we're just getting started, so now is not the time to rest.

It is critical that all of us continue to work together—just as we did when a bipartisan coalition of House and Senate members came together to pass both last year's budget and put a Prop 400 extension on the ballot.

Rather than letting partisan politics prevail, we stood together, helped ensure the continued success of our state, and enabled more Arizona families to prosper. That's the power of finding common ground and doing what's best for the people of this state.

And, make no mistake, I will always put the people of Arizona first. That's why I have taken action to ensure our strengthening economy provides opportunities for any Arizonan who wants to succeed.

With our investments in Future48 workforce accelerators, we will prepare thousands of Arizonans every year for jobs building our nation's future in industries like semiconductors, renewable energy, and aerospace and defense.

And my Build It AZ Apprenticeship Initiative aims to double the number of apprentices in construction and the trades to meet the needs of our 21st century economy.

It's these programs, along with a strong higher education system and access to child care, that will ensure more Arizonans have the ability to get a good job that supports themselves and their families.

We will continue this success by building the infrastructure, and deploying the technology needed to expand high-speed internet to every community across our state with the nearly one billion dollars Arizona will receive.

High-speed internet is crucial for businesses, healthcare, and education, particularly for our rural and tribal communities who are on the frontlines of our rapidly changing economy. We must build fast, reliable, and affordable broadband access for every Arizonan no matter where they live.

As you can see, our state's economy is strong and its opportunities are abundant. However, we cannot ignore the fact that for Arizonans across all age, color, and geographical boundaries, our housing affordability crisis has erased feelings of prosperity for too many.

I have personally felt the fear and uncertainty of not knowing how you're going to make your next mortgage payment. That's why I will always fight just as hard for your family as I fought for mine—and I will never stop working to find solutions to the housing affordability crisis.

First Day

This past year, I worked with many of you here at the Legislature to find new and effective ways to address this issue. We directed one hundred and fifty million dollars to keep more Arizonans housed through rental assistance programs; we allocated money to provide access to legal aid for up to one million more Arizonans who are facing eviction or housing instability; and made a historic investment to create more housing that's actually affordable for middle-class families.

Further, we accelerated the awarding of low-income housing tax credits that enabled the Arizona Department of Housing to maximize the building of affordable housing across this state. This particular effort directly led to fifteen new affordable developments, half of which are in rural communities—and this built more than one thousand housing units for working-class families who need them.

These actions should only be the first of many we take to help ensure longtime residents, young professionals, and middle-class Arizonans are protected from being priced out of the communities and state they love.

I was born and raised in an Arizona where a middle-class family could buy their own home. That should be the reality for the next generation, too—but to make it so we must take action. That's why today I am announcing the Arizona Is Home Mortgage Assistance Program.

This program will help working-class families throughout the state with down payment assistance and mortgage interest rate relief. That means a family of four living in Phoenix making up to seventy-five thousand dollars a year will have the opportunity to purchase a quality, affordable home.

And we will enhance homebuyer assistance for our state's rural communities by providing access to less costly home loans for working-class households.

These are good, tangible steps to creating access to housing at affordable prices—but they alone will not solve the crisis across our state. I look forward to working with any member of this Legislature to find innovative and effective solutions to help Arizonans access the homes they and their loved ones need to thrive.

Of course, to discuss Arizona's future, we must also talk about water—how to protect what we have today, how to navigate the challenges ahead, and how to maximize opportunities when mother nature offers them.

Thanks to the careful planning and bipartisanship of generations of leaders before us, Arizona is at the forefront of water conservation and innovation. Our state uses less water today than in the mid-1950s, even as our population has boomed.

However, just because we have been successful in the past does not mean we can relax about the future. We can reject the doomsayers, but we must always have open and honest conversations about our water resources—not shy away because they can be difficult.

As the first year of my administration has shown, I will take decisive action to protect Arizona's water future. Before this chamber last year, I highlighted a corporation pumping groundwater in La Paz County with essentially no oversight.

After I sent investigators and found they were in violation of their lease, I ended it.

And as of next month, all Butler Valley leases held by this entity will be terminated—protecting water for nearby communities.

I will continue working with everybody—farmers and agricultural interests, urban and rural communities, local and regional entities—to find the solutions we need to ensure our water future is secure for tomorrow and for generations.

There is no better example of this than the agreement I negotiated earlier this year with our neighbors, Nevada and California, to conserve at least three million acre-feet of water—enough for nine million homes—by 2026.

With this historic agreement, we stood up to the federal government's egregious plan to slash Arizona's water and we safeguarded our natural resources.

Monday, January 8, 2024

First Day

But this is only a starting point. We have not put the decades-long drought in our rearview mirror yet. We must always strive to do more through expanding public-private partnerships, increasing conservation, exploring new technology, and maintaining a steadfast commitment to strengthening protections where needed.

The bipartisan Water Policy Council I created last year—comprised of water leaders from across the state with a wide range of experience—has embodied this spirit with a series of commonsense recommendations to secure our water future.

For decades, rural Arizonans who have begged, demanded, and fought to protect their groundwater have been ignored. Now, after forty years of waiting, it's time we finally take action and update our groundwater management laws.

That's why we must have the courage to take action where others haven't and empower rural Arizonans to have a say in how their water is used.

And for too long, we have allowed development that skirted our smart and commonsense consumer protections for water availability. We must close the loopholes that allow build-to-rent and wildcat developments.

Our water rules give families and businesses confidence to invest in our state, and we cannot continue to let individuals and corporations exploit these loopholes and rob us of our water future.

We all recognize that our state is growing and we must continue to adapt while maintaining our long-held status as a national leader in water management. Our water standards are the key to our strong economy. I refuse to sacrifice them for unchecked growth. But I will continue in Arizona's bipartisan tradition of growing our economy while protecting our state's most precious resource.

In that vein, I have directed the Arizona Department of Water Resources to finalize a new pathway for water providers and communities who have historically relied on groundwater resources. This new Alternative Designation of Water Resources program will provide an opportunity for these entities to achieve a one hundred-year assured water supply by contributing new water sources and reducing groundwater pumping—which will help ensure our future growth is both smart and sustainable.

Let us remember that water and drought do not care about party registration or job titles or whether you live in an urban or rural community. We can only protect our water supply by working together. I stand ready to work with you to pass legislation that makes the changes we need today—all to safeguard Arizona's water for tomorrow. And to those who have spent years refusing to act: if you don't, I will.

I was born and raised in Arizona, and I chose to raise my family here. My kids attended public schools, and I'm the sister of two public school teachers. I know what having a high-quality public education can mean to millions of Arizonans. But sadly, we too often fall short. We must continue investing in our public schools to ensure Arizona truly is the best place to raise a family.

So, I applaud the bipartisan group of legislators who did the right thing to pass an override to the Aggregate Expenditure Limit, providing certainty that schools would stay open and kids would continue learning. And I stand ready to work with legislators to find a permanent solution going forward.

In addition to the AEL override, we also worked together to find bipartisan solutions to further support our public schools—including a three hundred million dollar infusion for K-12 schools.

Let's build on that success and send an even stronger Prop 123 to the voters, one that will provide our public schools another decade of funding certainty.

Without question, we must give teachers a raise. But we must also hear the Arizonans asking us to do more.

Let's take this opportunity to increase compensation for teachers and the support staff who are all critical for students' success. And let's take the necessary steps to invest in school safety. I look forward to collaborating with you to move these solutions forward.

First Day

By working together to strengthen Prop 123, we will prove to Arizona parents and students that we're building the world-class public education system they deserve, and that our state needs for the future. We must not let this opportunity pass us by.

In this upcoming session, we must also address the long-term health of our K-12 schools—which means we must address the lack of accountability and transparency in Arizona's ESA program.

We have seen a steady stream of news coverage around unacceptable and sometimes downright outrageous use of taxpayer money under this program, including water park admissions, ski passes, and luxury car driving lessons.

It is our responsibility as stewards of this state to put in place guardrails to ensure taxpayer dollars dedicated to education are used properly. Without these guardrails, waste, fraud, and abuse take root and thrive.

That's why we must take action to bring transparency and accountability on behalf of Arizona parents and all taxpayers.

We can deliver common sense solutions like ending the luxury spending, keeping our children safe by requiring background checks for educators, and expanding the authority of the Auditor General. Additionally, let's require recipients to have attended a public school for at least one hundred days, a reasonable standard that would save our state a quarter billion dollars.

My message to parents across Arizona, whether your family takes part in this program or not: Now is the time to advocate for accountability and for transparency, not a blank check. If we fail to do so, the current projected price tag of one billion dollars is only the start.

Turning our attention to higher education, our state universities continue to lead the way in innovation, pushing boundaries and helping more Arizona families achieve their dreams.

This can be seen in our AZ Healthy Tomorrow initiative which will produce over twenty-five hundred more healthcare professionals every year.

Working together, we will create a new generation of doctors, nurses, and healthcare professionals, while offering communities across our state badly needed access to healthcare.

We are early in this journey, but we should be proud of our state universities for their steadfast efforts to build a better tomorrow for Arizona.

I am calling on this Legislature to work with me to begin a new engineering-focused medical school at Arizona State University; to double the size of University of Arizona medical schools; and to start a new medical school focused on serving rural and tribal communities at Northern Arizona University.

As someone who had to work my way through college and who wouldn't be here today without the help of scholarships and financial aid, ensuring that higher education is attainable for any Arizonan who wants it is personal to me.

And I know many in this chamber today recognize we have a duty to make higher education as accessible as possible.

We should be proud of the progress we've made in this area through securing significant investments in Tribal colleges, as well as new funding for community colleges in rural Arizona.

However, we must also recognize many of our actions have been one-time investments. We must seize the opportunity as our budget outlook improves in future years to strengthen support for efforts such as scholarship programs for students from low-income households;

programs that provide students the opportunity to earn college credits while still in high school;

and other initiatives that offer students the chance at a better future through education.

First Day

Supporting Arizona families also means protecting our loved ones throughout their time on this earth. No doubt there are many wonderful facilities providing high-quality care for our fellow Arizonans. However, I am saddened and infuriated that too many long-term care facilities are failing some of the most vulnerable with devastating effects.

Physical and mental abuse, neglect, exploitation, and poor quality of care have severely hurt, and in some tragic cases, led to the deaths of too many Arizonans.

And what's the penalty in these cases?

A five hundred dollar fine.

This is unconscionable and as leaders in this state, we should be outraged.

We should also be outraged at the separate, but just as infuriating, sober living home scandal that ruined countless lives and cost taxpayers hundreds of millions of dollars.

I'm proud we have taken action to crack down on this fraud and I commend Attorney General Mayes for investigating those who are exploiting some of our most vulnerable residents.

The individuals behind these scandals will be held accountable, but it is also apparent we need to provide additional tools to go after bad actors who take advantage of those in need.

That's why I'm calling on the Legislature to strengthen our state's standards for sober living homes and long-term care facilities, and significantly increase penalties for bad actors.

I'm putting forward a package of bills that will:

- Ensure facilities cannot hide or erase their violation history
- Increase fines
- Standardize inspections
- Empower Adult Protective Services to seek emergency protection orders
- And establish standardized credentials for Alzheimer's, dementia, and memory care.

Protecting Arizonans in long-term care and sober living facilities shouldn't be a partisan issue. Let's work together to support this legislation and continue to seek solutions so we can ensure every resident can live in safety, free from neglect and abuse.

Supporting Arizona families also means ensuring our children have access to high-quality healthcare. Unfortunately, federal efforts that raised so many kids out of poverty just a few years ago are phasing out—but the needs and rising costs for parents are just as tough as ever.

No family should have to go bankrupt to care for a sick child. To combat this disturbing trend, we expanded KidsCare eligibility for thousands of Arizona children—enabling them to receive the care they need whether it's routine check-ups or life-saving procedures without forcing their parents into mountains of debt or heartbreaking GoFundMe campaigns.

Let's continue working together to find new and innovative ways to lower the costs of doctor visits, medical exams, and other quality of life measures that will provide relief for Arizona families today.

Another area where we can provide relief and make a huge difference in the lives of Arizona families and seniors is by driving down the price of prescription drugs.

First Day

That's why I strongly urge you to support my forthcoming proposal that:

- Stops price-gouging middle men in our healthcare system from overcharging for prescription drugs.
- Requires justifications for price increases so Arizonans aren't hit with surprise costs.
- And establishes the new Prescription Drug Affordability Division, which will cap prices on commonly used drugs like insulin and prevent outrageous price hikes.

These measures will help every Arizonan and ensure no one ever has to choose between paying for rent or paying for lifesaving medication.

I believe that fighting for Arizona families is the foundation of what we do as elected officials. And I truly believe that fighting for Arizona families means defending every individual's right to make their own reproductive healthcare decisions.

I speak for millions of Arizonans with a clear message: These deeply personal decisions should be made between a woman and her doctor—not politicians and the government.

I will always defend Arizonans' freedoms, and I refuse to back down in the face of those who want to criminalize doctors and outlaw abortion.

That's not happening on my watch.

Instead, there are commonsense bills we can pass right now that will expand access to reproductive healthcare. Arizonans across the political spectrum agree that we should:

- Repeal the 1864 abortion ban once and for all
- Pass the Right to Contraception Act
- And stop government overreach that invades women's privacy by collecting and publishing data on every abortion in Arizona.

As I have said before and will continue to say again and again, reproductive freedom is not a partisan issue. Women deserve to have access to the healthcare we need; we deserve to have our individual rights protected; and we deserve to make the personal decisions we deem best for ourselves and our families.

Now is the time to do what's right.

Now is the time to pass these critical policies. Now is the time we stand up for Arizona families.

I have used this time today to highlight just a few of our successes from the past year, the incredible strengths of our state, and the steadfast resolve of its people.

And we have started what should always be an honest discussion about the significant issues, choices, and opportunities that stand before us.

As we go forward into this legislative session, let us always remember why we are here and what binds us together as Arizonans.

We are bound by our love for this state, from its beautiful forests and mountains, to its breathtaking vistas and stunning natural beauty.

And we are bound by our responsibility to ensure every person who calls this place home has the opportunity to succeed today—as well as the generations who follow us.

My promise to you is that I will never lose sight of why we are here, and I'm confident that what binds us together gives us the strength to overcome any challenge.

Thank you for supporting your fellow Arizonans, and for working to make this the greatest state in our nation.

God bless Arizona and let's get to work.

REPORTS OF SELECT COMMITTEES

Speaker Toma announced that, without objection, the report of the Committee on Ethics as listed on the Calendar would not be read. The report was entered in the Journal. Carried.

The Committee on Ethics submitted the following report:

ARIZONA HOUSE OF REPRESENTATIVES
REPORT OF COMMITTEE ON ETHICS – JANUARY 30, 2024

MR. SPEAKER,

Your Committee on Ethics (“Committee”) has considered the Ethics Complaint (“Complaint”) formally presented on November 6, 2023, by Representatives Lupe Contreras, Oscar De Los Santos, Nancy Gutierrez, and Melody Hernandez against Representative Leezah Sun, which is based on Representative Sun’s behavior off the Capitol campus but under the color of her office as a member of the Arizona House of Representatives.

This Report summarizes the Committee’s investigation and factual findings. The Committee unanimously concludes that Representative Sun committed a pattern of disorderly behavior, thereby violating Rule 1 of the Rules of the Arizona House of Representatives and damaging the institutional integrity of the House.

Consistent with the text of the Arizona Constitution, see Ariz. Const. art. 4, part 2, § 11 (empowering the House to “punish its members for disorderly behavior”), and because Representative Sun’s violation of Rule 1 occurred in connection with her capacity as a member of this House, the Committee refers this Report to the whole House to determine what disciplinary measures should be taken.

I. BACKGROUND

For purposes of clarity and ease of reference, the following incidents involving Representative Sun’s conduct are described below in chronological order.

A. Littleton Elementary School District Incident

On December 14, 2022, before she took office, Representative Sun met with Dr. Roger Freeman, the Superintendent of the Littleton Elementary School District, at her request, to discuss potential legislation for her upcoming first term. Exh. 9. But the meeting soon turned into what Dr. Freeman characterized as a series of “lectures” by Representative Sun on multiple subjects, including her displeasure with the Littleton School Board president for writing about one of her campaign aides. Exh. 9 at 1. Representative Sun told Dr. Freeman that “the only reason she hadn’t already ‘gone after’ the District was because [the aide] asked her not to.” Id. After Dr. Freeman was unable to successfully move Representative Sun onto a different subject, Representative Sun asked him if he was familiar with SB 1487. When he replied that he was not, she stated that it was a bill that would allow her, as a state legislator, to have “anybody investigated for any reason.” Dr. Freeman inquired what allegation Representative Sun would make, to which she reiterated that “it didn’t matter because she could say anything.” Id.

Dr. Freeman took this as a threat to either his job or the district as a whole and believed that Representative Sun’s conduct and remark was an act of intimidation. Hearing, 12/19/23 00:26:00. Dr. Freeman perceived the meeting to be intimidating because of the conversation’s “elevated tenor” as well as the “outstanding rarity” of anything like this happening in his thirty years of work in the public sector. Hearing, 12/19/23 at 00:35:00-37:00.

B. Interference in a Private Custodial Matter

On June 16, 2023, four minor children involved in a private custodial matter were to be transferred, pursuant to a court order, from their mother to their father for his scheduled visitation. The court had ordered that the transfer be supervised and facilitated by Family First Forensic Consultants. Exh. 4 at 1. Kristyn Alcott, Family First’s agency director and supervisor, arrived just before 6:00 p.m. at the Avondale Dairy Queen parking lot—the location and time agreed upon by the parties’ attorneys. But the children refused to exit their vehicle and go with Ms. Alcott for their father’s parenting time.

Twenty-fourth Day

Nearly an hour into trying to convince the children to comply with the court order, Representative Sun—who is not a party or otherwise involved in the legal case—approached the scene wearing a badge with “Rep. Leezah Sun” written on it, stating that the family members were her friends and that she just wanted to see what was going on because she had “heard [they were] stuck in this situation.” Exh. 1 at 53; Hearing, 12/19/23 at 01:53:00. She repeated that Ms. Alcott should “call it a day” and reschedule the transfer. Representative Sun rebuffed Ms. Alcott’s statement that a court order cannot be rescheduled by saying, “Well, it’s a court order to always have due process and this process is part of that.” Id. at 54. When Ms. Alcott restated that she was following the court’s orders, Representative Sun stated that she did not believe Ms. Alcott was and again repeated her suggestion that she “call it a day.” Id. at 56-57. Although Representative Sun stated that she was there as a family friend, when Ms. Alcott addressed her as “Miss,” Representative Sun corrected her: “No, it’s Representative Leezah Sun.” Id. at 56.

Representative Sun became more assertive in her remarks toward the court-appointed supervisor and in her stance that the transfer should not occur: “Yeah. No, you are done. Trust me, you are done” (Id. at 57); “This is a cruel procedure that you are taking part in and I will document it. . . . Yeah, and my words will stick.” (Id. at 58); “That’s the due process that you’re not following and I’m here watching you not following it” (Id. at 59); “Now you need to move on” (Id. at 60). During the exchange, Representative Sun was reminded multiple times that a court order was in play, and each time she dismissed it.

Eventually, Ms. Alcott informed the children that she would report back to the court that the order could not be carried out and that they would try again the next week for the father’s next scheduled visitation. Id. at 59, 60. After Ms. Alcott went back to her car, Representative Sun told the children that their mother was waiting for them at home and praised them for “doing a wonderful job” and “doing everything right” by refusing to comply with the court-ordered transfer. Id. at 62-63. After a few minutes, Representative Sun then went to Ms. Alcott’s car and allegedly advised her that she would report back to the Attorney General that “due process was done” and that she did not see anything inappropriate occur. Exh. 2 at 4.

Ms. Alcott subsequently wrote a report about the incident and filed it with the court. Exh. 2. In it, she described that Representative Sun had told her that she was there in her official capacity and that although she had initially believed that her intervention would be a “conflict,” she had spoken with Attorney General Kris Mayes and she believed that she “absolutely” needed to be there. Id. at 3.

C. Incidents Involving City of Tolleson Employees

On October 18, 2023, three employees of the City of Tolleson petitioned for an injunction against workplace harassment against Representative Sun. Exh. 5. The petition detailed three incidents that the employees alleged were aggressive and threatening, and together amounted to harassment. First, the employees alleged that on May 31, 2023, Representative Sun arrived at the Tolleson Civic Center without an appointment but wanting to speak with a member of the city council. Because no councilmembers were available at the time, staff invited Representative Sun to meet with the three employees: City Manager Reyes Medrano, Chief Government Affairs Officer Pilar Sinawi, and Government Affairs Support Specialist Alicia Guzman. Although the meeting initially did not have any issues, the employees alleged that Representative Sun became “agitated and aggressive,” and began yelling, using profanities, and responding to the employees’ efforts to calm the situation by instead escalating the intensity of her behaviors. The petition described that, eventually, Representative Sun “aggressively leaned towards [Mr. Medrano] and stared at him for several seconds in what seemed to be a trance, and in a manner suggesting she wanted to physically hurt” him. Id. at 2. The employees further said that they “observed Ms. Sun reach into her purse as though she were looking for something,” and that given the totality of her behavior during the meeting, they feared that she “might be looking for a weapon in her purse.”

One of the employees, Ms. Guzman, had audio recorded the final moments of the meeting with Representative Sun in which one of the employees told Representative Sun that she believed the meeting had become inappropriate and needed to end, implying that none of them felt “comfortable” or “safe” with how the meeting had progressed. Hearing, 12/19/23 at 1:32:00; Exh. 11. The audio recording further captures Ms. Guzman’s conversation with Representative Sun as she escorted her to the elevator, during which Representative Sun told Ms. Guzman that Mr. Medrano was “a fucking asshole” and a “douchebag,” and expressed that Mr. Medrano needed to have more respect for elected officials. Exh. 11.

Twenty-fourth Day

Next, the employees asserted that on August 29, 2023, Representative Sun attended the League of Arizona Cities and Towns conference in Tucson. Although none of the three Tolleson employees attended, they had heard from a witness that during a conversation about the city of Tolleson, Representative Sun exclaimed, “Pilar Sinawi better not show her face here, or I will smack her in the face and throw her off this balcony to kill her!” Exh. 6 at 2. The employees then reported it to police. Given the nature of their previous interaction with Representative Sun, the employees alleged in the petition that this second incident made them fear for their safety.

Finally, the employees alleged that on September 13, 2023, Representative Sun sent a friend request on Instagram to Mr. Medrano’s daughter as well as Ms. Sinawi’s spouse. The employees interpreted these requests as attempts to threaten and intimidate them through their family members. Id. at 3.

The Maricopa County Superior Court granted the petition that same day, prohibiting Representative Sun from having contact with any of the three employees and from going to the Tolleson Civic Center. Exh. 5. The court further ordered that Representative Sun not possess, receive, or purchase firearms for the duration of the order. Absent court-ordered changes, the injunction order remains effective until October 18, 2024.

In response to the injunction and subsequent media inquiry about it, Representative Sun issued a six-page written response. Exh. 7. In it, she characterized the allegations as being part of an “ongoing defamation campaign” against her and an affirmative effort to prevent her from fulfilling her obligations as an elected state representative. Id. at 1. Specifically regarding the interaction at the Tolleson Civic Center, Representative Sun contended that she had made only “a single crass utterance” during the meeting and that all aggressive behavior was actually exhibited by the city employees. She admitted, however, that everyone in the meeting had “talk[ed] all over each other, voices escalated, and it was tense,” and that she and Mr. Medrano “in particular were going back and forth.” Id. at 5. Eventually, she asserted, she grew increasingly frustrated with him, called him a “douchebag” and “perhaps looked at him.” Id. She further stated that as she left that building, and in a hallway that she believed to be empty, she blew “off steam to describe what had just happened,” calling Mr. Medrano a “jerk” for not listening to her and being disrespectful toward her. Id. Rep. Sun claimed she was unaware that she was being audio recorded at that time. Id.

Regarding the alleged threat made at the Tucson conference, Representative Sun wrote that while she was there, she met with a lobbyist. During that meeting, she claimed that she “used hyperbolic language such as referring to Pilar Sinawi as ‘a bitch’ and saying [she] was glad she was not [t]here,” and warned the lobbyist to be careful when dealing with the three Tolleson employees because she “kn[e]w them to employ underhanded tactics.” Id. at 1. Representative Sun further asserted that she had “made a disclaimer” to the lobbyist and her associates who were also present, “as I always do, when using hyperbolic language” that she does “not believe in causing harm or violence of any kind.” Id. at 1. As to the allegations, Representative Sun wrote: “I did not make the threats described.” Id. at 2.

Finally, Representative Sun asserted that she has multiple people who manage her social media accounts and “send follow requests on Instagram to thousands of constituents.” Id. at 2. She stated that she did not see any record of the family members having accepted her follow requests and that in any event, “following someone on social media is not a crime.” Id.

In a phone interview with the Arizona Republic on October 30, 2023, Representative Sun continued to deny any wrongdoing and characterized the Tolleson employees’ injunction as part of a grander scheme to defame her. Exh. 8. She said that the allegations by the employees about the civic center meeting and the conference were “just nothing” to her, and that she was “tickled” by the whole situation. Id. at 5.

II. ETHICS COMMITTEE PROCEEDINGS

Complaint and Response

On November 6, 2023, Representatives Lupe Contreras, Oscar De Los Santos, Nancy Gutierrez, and Melody Hernandez formally presented the Complaint against Representative Sun to the Ethics Committee Chairman. Complaint at 1. The Complaint alleges that preventing the execution of a court order in a private matter in which she is not a party and the incidents involving the Tolleson employees were reflective of a “pattern of erratic and aggressive behavior” that is “unbecoming of an elected official,” and submits that Representative Sun’s conduct constitutes disorderly behavior under House Rule 1 because it reflects poorly on Representative Sun and the House as an institution. Id. at 1. The Complaint further suggests that the incident with the family court order might constitute “custodial interference” under Arizona Revised Statute § 13-1302, a class 3 felony. Id. at 2. Accordingly, the complainants asked that the Ethics Committee “convene and investigate” Representative Sun’s actions. Id.

Pursuant to the House Ethics Committee Rule of Procedure 13, the Committee provided Representative Sun, who elected to exercise her right under Rule 15 to engage legal counsel, with an opportunity to respond to the Complaint in writing. She did so on November 13, 2023. In it, Representative Sun does not deny several of the actions alleged in the Complaint, which she addressed in turn. First, Representative Sun admitted that she “may have acted inappropriately” when she intervened and prevented the execution of the court-ordered transfer of the minor children in the private custodial matter. Response at 4. Notably, she did not dispute any allegations about being confrontational, introducing herself as a state representative, or otherwise demanding that the court-ordered supervisor cease her efforts to comply with a lawful court order. Id. at 1-2. Instead, she refuted only that she invoked the Attorney General’s name during the interaction and justified her actions based on the children being in the car for over an hour. Id. She wrote that she “knows now not to interfere with any custody transfer.” Id. at 2.

Second, regarding the Tolleson Civic Center incident, Representative Sun argued only that Mr. Medrano’s statements that he felt threatened by her lacked credibility because he is bigger in size than she is. Id. at 2. She did not address the allegations of fear and intimidation felt by the remaining two employees or deny that she had behaved aggressively during the meeting toward the women or Mr. Medrano. Instead, she asserted that she “never made any verbal threats of imminent danger,” “never made gestures or alluded that she was about to strike [Mr. Medrano] or anyone else in the room,” and countered that in fact she “became quiet as she processed what she believed to be [Mr. Medrano’s] flagrant and unrelenting contempt for her.” Id. at 3 (emphases added). She concluded that she “should not have used profanities when leaving the building,” but said that she did not use that language in Mr. Medrano’s presence. Id.

Third, Representative Sun denied saying that she was going to throw Ms. Sinawi off the hotel balcony but admitted that she had said that if Ms. Sinawi were at the conference, she would “bitch slap” her. Id. at 3. Representative Sun contended that this could not be considered a “credible threat” because Ms. Sinawi was not in Tucson at that time and did not hear it herself. Id. She did not, however, address the impropriety of the statement in the first place other than saying it “was not the best move.” Id. Instead, Representative Sun offered that if she had actually meant to cause Ms. Sinawi harm, she would have actually harmed her: “[Representative Sun] could have driven to her house or place of work when she returned from Tucson.” Id. at 3.

Additionally, Representative Sun posited that even if she had said that she would throw Ms. Sinawi off the balcony, it would not be “actionable” because Ms. Sinawi would have to be in Tucson at that time and at that specific balcony for the threatened action to occur. By contrast, Representative Sun offered: if she “would have said that she is going to shoot Ms. Sinawi the next time she sees her and Rep. Sun owned a firearm, that could be a credible threat. If she said she was going to run her over with her car when Ms. Sinawi showed up for work, that could have been considered credible and actionable.” Id. Again, Representative Sun notably did not address the impropriety of making any such comment or threat in the first place, particularly while acting under the color of her office.

Finally, Representative Sun contended that sending a single friend request each to Mr. Medrano’s daughter and Ms. Sinawi’s husband alone did not amount to harassment. Id.

Twenty-fourth Day

After the Chairman received the Complaint and Representative Sun's Response, he received correspondence from Dr. Roger Freeman, the Superintendent of the Littleton Elementary School District. Exh. 9. In the letter, Dr. Freeman wrote that he had read a news article about the ethics complaint and the allegations in it and believed it was "a familiar story" and described his December 2022 meeting with her.

Rule 15 Evidentiary Hearings

On December 19, 2023, the Committee held an evidentiary hearing open to the public and press pursuant to Rule 15 of the Committee's Rules of Procedure. During that hearing, the Committee learned the identity of two additional witnesses who until that point were noted only as "anonymous" in the record. The Committee agreed that those witnesses could provide details necessary for its investigation into the allegations made in the Complaint. The Committee therefore held a subsequent open hearing on January 25, 2024, for the purpose of hearing from those two witnesses. The Chairman accepted the following exhibits for the Committee's consideration:

1. Reporter's transcript of the audio recording dated June 16, 2023. This was attached to Representative Sun's Response as "Exhibit 1."
2. Family First Forensic Consultants Report by Kristyn Alcott dated June 19, 2023. This was attached to the Complaint.
3. Tolleson Police Department Incident Report. This was attached to the Complaint.
4. Tolleson Police Department Incident Report dated September 13, 2023.
5. Petition for Workplace Injunction dated October 18, 2023. This was attached to the Complaint.
6. Injunction Against Harassment dated October 18, 2023.
7. Six-page written response for the media by Representative Sun about the Injunction. This was attached to the Complaint.
8. AZCentral article entitled, "Arizona Rep. Leeza Sun Decries 'False Statements' as Court Grants Restraining Order Against Her" dated November 3, 2023.
9. Correspondence to the Ethics Committee Chairman from Littleton Elementary School District Superintendent Dr. Roger Freeman dated November 6, 2023.
10. An audio recording of the June 16, 2023 encounter that was submitted with Representative Sun's Response to the Complaint. The recording is 57 minutes and 25 seconds long.
11. An audio recording of the May 31, 2023 interaction at the Tolleson Civic Center. The recording is 2 minutes and 39 seconds long.
12. An aerial image of the Dairy Queen parking lot where the interaction with Kristyn Alcott took place.
13. Declaration of Elizabeth Goodman.
14. Declaration of Kayla Destiny Ruiz Davidian.

Pursuant to the Ethics Committee's Rule 15, Representative Sun and her counsel were provided an opportunity to examine each of the exhibits.

Finally, the Committee carefully considered testimony from the following witnesses: Dr. Roger Freeman, Kristyn Alcott, Reyes Medrano, Pilar Sinawi, Alicia Guzman, Elizabeth Goodman, and Kayla Destiny Ruiz Davidian. The Committee also considered Representative Sun's testimony during the evidentiary hearings, including her responses to Committee members' questions and her presentation of evidence.

III. COMMITTEE'S FINDINGS OF FACT

As the Chairman emphasized at the evidentiary hearings, the sole issue for the Committee's consideration is whether Representative Sun violated House Rule 1, which prohibits members from engaging in disorderly behavior. In undertaking that inquiry, the Committee makes the following factual findings, accompanied by the Committee's reasoning to support each finding.

- 1. THE COMMITTEE FINDS that Representative Sun levied a death threat toward the Tolleson official while acting in her official capacity as a member of the Arizona House of Representatives.**

Twenty-fourth Day

Representative Sun admitted that she was present at the conference and a participant of this meeting in her official capacity as a state representative. Hearing, 01/25/24, at 00:44:00. She further admitted to having been “livid” that day because of news she had heard about her mentee and former campaign aide being charged with stealing campaign signs and having been generally “displeased” with the city of Tolleson’s leadership officials. Hearing, 01/25/24 at 00:51:00-53:00. To that end, Representative Sun agrees that she said she would “bitch slap” the city’s chief government affairs officer. See Response at 3; Exh. 8 at 1; Hearing, 12/19/23 at 01:57:00; Hearing, 01/25/24 at 00:29:00; but see Exh. 7 (admitting that she only referred to the official as a “bitch,” but otherwise avowing that she “did not make the threats described”) and Hearing, 12/19/23 at 01:58:00 (avowing to the accuracy of Exhibit 7). But she disagrees with the remaining allegations in the Complaint.

The Committee does not find Representative Sun’s contentions credible. Foremost, Representative Sun denies having said that she “would throw [Ms. Sinawi] off the balcony” or “to kill her.” Nonetheless, the Committee finds credible the testimony that she in fact levied a death threat about the Tolleson official while acting in her capacity as a member of the Arizona House of Representatives. The Committee does not make this finding lightly, but the evidence sufficiently supports it.

First, Representative Sun claims that her words were said in a private conversation, thereby suggesting that they cannot be deemed “disorderly.” Hearing, 12/19/23 at 01:58:00-59:00. However, the words were said during a meeting conducted in her capacity as a public official in an open room during a conference where many people were present and many conversations were occurring. Regardless, whether or not she said them in a private meeting or a public one is of no matter when those words were said aloud to others, threatened and expressed a desire for bodily harm against someone, and were made under the color of the office of state representative. To be clear: the fact that the words were ultimately reported to people outside of that conversation is not what makes Representative Sun’s action disorderly, it was the utterance of the words at all in this setting and while acting in her official capacity.

Second, Representative Sun claims in her Response that the remark was made only to “add levity” to the situation. Response at 3. But a desire to physically harm someone—by either assaulting them or throwing them over a ledge—or to take their life cannot be considered levity in any situation. Moreover, Representative Sun’s own admissions show that she was genuinely upset that day and that by the time of the conference, she had already felt animosity toward the Tolleson officials. See, e.g., Exh. 11. Specifically, Representative Sun had clearly expressed her disfavor of the Tolleson employees at her first meeting with them in May 2023 at the civic center, as heard in the Exhibit 11 audio recording as well as in her own description of that meeting, in which she suggests that the employees had been disrespectful toward her because of their friendship with a former state representative with whom she has “had contention ... in the past.” Id.; Exh. 7 at 3. By the time of the conference, Representative Sun was aware that the employees had filed an incident report with the police about that meeting, which she decried as “false” and believed was made to “smear” her. See Exh. 7 at 6; Hearing, 12/19/23 at 01:56:00. Additionally, up to that point, the conversation between Representative Sun and the lobbyists at the conference had included pleasantries and other subjects related to Representative Sun’s district. The conversation took a “dark tone” only because of Representative Sun’s threat—the threat did not lighten it. Hearing, 01/25/24 at 00:13:00. To that end, the Committee finds that Representative Sun provided no indication before or after the threat that her sentiments were anything but serious. This includes Representative Sun’s assertion that she had provided a disclaimer that she “do[es] not believe in causing harm or violence of any kind” before she made her statement; indeed, “bitch slapping” is itself a form of violence. See Exh. 7; see also Hearing, 12/19/23 at 01:58:00 (avowing to the “accuracy” of the statements contained in Exhibit 7). The Committee repeatedly asked the witnesses who directly heard Representative Sun’s threat if Representative Sun made this statement in jest. The witnesses described Representative Sun’s tone and repeatedly confirmed that Representative Sun was not joking.

Third, Representative Sun argues that the threat could not have been credible because the Tolleson official was not present at the conference and did not hear it directly.¹ See, e.g., Hearing, 12/19/23 at 01:59:00-02:01:00; 02:29:00; Response at 3. But the Committee heard directly from the witnesses who heard her threat, both at the second

¹ Representative Sun also argued for the first time at the January evidentiary hearing that the lobby where the meeting took place did not have a balcony. Hearing, 01/25/24 at 00:29:30; 00:41; 00:55. The Committee makes note of the resort’s lobby layout, which includes a drop down to a lower floor. See <https://www.marriott.com/en-us/hotels/tussp-jw-marriott-tucson-starr-pass-resort-and-spa/photos/>.

Twenty-fourth Day

evidentiary hearing and through their signed affidavits that were submitted to the Committee. See Exhs. 13, 14. Moreover, this argument ignores the impropriety of having made the statement in that way in the first place: whether the official was there or not and whether the threat was levied directly to her or not does not mitigate the severity of the content of the threat or the fact that Representative Sun made it while acting in her official capacity at a legislative event. In addition, Representative Sun appears to argue that because she was able to cause Ms. Sinawi harm but did not actually do so, merely saying that she would do so was not inappropriate. Response at 3. The Committee declines to adopt this reasoning.

Finally, the Committee notes that, aside from conceding that saying she would “bitch slap a woman” was “not the best move,” Response at 3, Representative Sun has otherwise made no indication that she feels remorse for her actions or a need to apologize. During the first evidentiary hearing, she was asked directly whether she had ever felt that she should apologize, to which she did not provide a direct answer, instead claiming that the allegations were merely hearsay. See Hearing, 12/19/23 at 01:59:00-02:01:00; 02:26:00. But she offered no different response after the witnesses provided their first-hand accounts, nor did she address the fact that she admitted to saying she would assault the Tolleson official. To the contrary, Representative Sun described being “tickled” by the allegations made against her.

In sum, the Committee finds that Representative Sun levied a threat of physical harm and against the life of the city official while acting in her capacity as a member of this House and in doing so committed disorderly behavior under House Rule 1.

2. THE COMMITTEE FINDS that Representative Sun misused her title and position as a state representative when she knowingly prevented the execution of a lawful court order in a private custodial matter to which she was not a party.

The Committee is disturbed by Representative Sun’s deliberate and inappropriate interference in a child custody matter. Significantly, Representative Sun does not refute that she injected herself into what is an ongoing legal custody dispute—to which she is not a party—when she approached Ms. Alcott and the minor children in the Dairy Queen parking lot on the date and time of their court-ordered transfer. In fact, the only matter that she disputes about this allegation in the Complaint is that she had invoked Attorney General Kris Mayes’s name during the exchange. See Response at 1-2. But the Committee agrees that, regardless whether she did so, Representative Sun acted inappropriately and abused her position as a state representative when she intervened in the transfer and knowingly acted in a way to prevent compliance with a lawful court order. To be sure, Representative Sun was informed at least four times that the children’s transfer was required by an order from the court. Exh. 1 at 54, 55, 59. Still, she continued her efforts to prevent that judicial mandate from being fulfilled.

Although Representative Sun stated that she intervened only in her capacity as a family friend, the record shows that she nevertheless exhibited the title of her office during the exchange to assert an authority that she did not possess. Specifically, Representative Sun approached the situation wearing a badge displaying her name as “Rep. Leezah Sun,” and when the court-appointed supervisor addressed her as “Miss,” Representative Sun corrected her, requiring that the supervisor instead address her in her official capacity as a state representative. See Exh. 1 at 56. Representative Sun testified during the evidentiary hearing that she wore the badge all day after having attended an event. Hearing, 12/19/23, at 1:53:00. But even if she had been previously wearing it that day for an official event, Representative Sun chose to not remove it before approaching the custodial transfer scene. Indeed, Representative Sun acknowledged that she was aware that she was wearing her badge visibly throughout the encounter because she noticed Ms. Alcott staring at it long enough to make Representative Sun believe that Ms. Alcott was “fully aware of who [she] was” before she demanded that Ms. Alcott refer to her by her title. Hearing, 12/19/23 at 2:13:00. Representative Sun even seemingly suggested during her committee testimony that she had actually elected to intervene in the transfer and prevent the fulfillment of the court order because she was a state representative and did not know that she was “not allowed” to supplant a court order. Hearing, 12/19/23 at 2:09:00. This reasoning illustrates an abuse of the bounds of power entrusted to a member of the legislative branch.

Twenty-fourth Day

Additionally, although Representative Sun originally cited only a concern for the children's wellbeing as the motivation for her actions, the record shows that Representative Sun was also previously familiar with Ms. Alcott through negative reports allegedly relayed to her by her constituents. In the transcript that Representative Sun provided, for example, she repeatedly informs Ms. Alcott, "we know who you are," "we know your track record," "we don't think you have a really good track record." Exh. 1 at 54, 59. During her committee testimony, Representative Sun explained that she has received complaints from "dozens, and dozens, and dozens of parents" regarding Ms. Alcott and that she has herself submitted reports about her to the Attorney General's Office on her constituents' behalf. Hearing, 12/19/23 at 02:17:00-20:00. This further supports the Committee's finding that Representative Sun acted under the color of her office when she intervened in the private custodial matter in which Ms. Alcott was the court-appointed supervisor and prevented her from fulfilling her duties. By doing so, she abused the power of the office.

3. THE COMMITTEE FINDS that the Littleton Elementary School District Incident Is Further Evidence that Representative Sun Engaged in a Pattern of Abusing Her Official Title and Position.

Finally, the Committee finds that Representative Sun's conduct involving the Littleton Elementary School District Superintendent supports the Committee's finding of a pattern of misconduct. Representative Sun asked for the meeting with the Littleton Elementary School District's Superintendent shortly after she won her election, but before she was sworn in, to discuss potential legislation for her upcoming first term. The meeting, therefore, was requested and premised upon her occupancy of the office of State Representative. Although the conversation initially embraced subject matters relevant to the public office, Representative Sun then used this meeting to express her personal disapproval of the school board's president, particularly as related to one of her mentees.

Despite the Superintendent's efforts to resolve the disagreement and redirect the conversation, Representative Sun refused to leave the subject alone. Instead, she met Dr. Freeman's efforts with a threat to invoke an authority that is afforded to only "members of the legislature" to initiate an investigation by the Arizona Attorney General—an investigation that could potentially result in the withholding of state shared monies if certain statutory circumstances are met. See A.R.S. § 41-194.01. She did so despite not yet formally possessing that authority, without any factual basis for initiating such an investigation, and while misrepresenting the scope of A.R.S. § 41-194.01. Not only are school districts not an entity for which a legislator can initiate an investigation under this law, but the law itself requires a legal basis for the request and cannot be made "for any reason." A.R.S. § 41-194.01(A). It therefore appears that her invocation of SB 1487 and contention that she did not need to provide a reason to do so was an intentional endeavor to use the stature of the office of state representative to assert authority over the Superintendent and intimidate him.

Although Representative Sun testified in committee that she had only discussed SB 1487 with Dr. Freeman in the context of agreeing with him that a similar authority would be desirable for charter schools (see Hearing 12/19/23 at 2:06:00), the Committee does not find her assertion credible. The Committee finds Dr. Freeman's testimony credible that Representative Sun made the comment as a threat and that he took it as an "open ended implication" that she would initiate an official investigation into either him or the district for no specific reason and without statutory authority to do so.

Additionally, Dr. Freeman testified during the committee hearing that after he wrote and sent the letter to the Ethics Chairman in November 2023—and while this Ethics matter was pending—Representative Sun wrote her own letter to the school board president asking her to "intercede" in the matter. Hearing, 12/19/23 at 00:34:00. Dr. Freeman further voiced concern about what he believed might be possible consequences to his participation in this Ethics matter, particularly as a result of testifying at the December 19, 2023 evidentiary hearing. Hearing, 12/19/23 at 00:38:00.

Twenty-fourth Day

Although Dr. Freeman did not elaborate on what those consequences might be, the Committee takes notice that Representative Sun attended a Littleton Elementary School District Board meeting on January 9, 2024—again, while this matter was still pending—where the matter of his employment was scheduled for discussion.² During her testimony before the school board, Representative Sun specifically expressed her displeasure at Dr. Freeman’s participation in this House Ethics matter.³ When the Committee asked about her presence at the school board meeting, Representative Sun declined to answer. See Hearing, 01/25/24 at 00:48:00. The Committee finds that this was an act of retaliation against the superintendent and that the totality of circumstances surrounding this incident supports the Committee’s finding of a pattern of abusing her official title and position.

IV. CONCLUSION AND SUMMARY OF FINDINGS

The Arizona Constitution empowers the House to establish its own rules of procedure. See Ariz. Const. art. 4, part 2, § 8. The House Rules, which the House adopted at the beginning of the first regular session of the 56th Legislature, expressly confirm that House Rules are subject to only constitutional rules and take precedence over statutory rules or provisions, customs and usages, or other parliamentary authority. See House Rule 29. Accordingly, it is incumbent on the Ethics Committee to thoroughly review any Complaint by any member to determine whether a member has violated a House Rule.

The Committee’s investigation required significant time and legislative resources. The Committee does not lightly issue this Report, but the findings herein are necessary to protect the integrity of the House and House Rules.

This Report should not be construed as any comment on individuals’ constitutional rights, including the right to freely speak as guaranteed by the Arizona Constitution. House Rules have long required members, the public, and the press to maintain proper decorum. Although the Committee has held meetings open to the public and press, the Complaint at issue ultimately presents an internal House matter for the Committee alone to investigate. What the House Rules cannot tolerate is a member engaging in the conduct described above, which erodes public trust in the legislative process.

Pursuant to its investigation and factual findings above, the Committee finds that the evidence sufficiently supports a conclusion that Representative Sun engaged in a pattern of inappropriate behavior in her official capacity and under the color of her office as a state representative. The Committee finds that this pattern constitutes disorderly behavior in violation of Rule 1 of the Arizona House of Representatives.

The Committee notes that its findings are uniquely fact-intensive and require a subjective assessment of Representative Sun’s credibility. Accordingly, the Committee recommends that all members of the House fully examine this Report and the material cited herein. The Committee agrees, unanimously, that Representative Sun violated Rule 1. Based on this finding, and because Representative Sun’s violation of Rule 1 occurred in connection with her official capacity as a member of this House, the Committee deems it appropriate for the House as a whole to decide what disciplinary measures should be taken.

Respectfully submitted this 30th day of January, 2024.

A communication from Governor Katie Hobbs on disapproval of the following measure was filed:

March 18, 2024

RE: House Bill 2570: planning; home design; restrictions; prohibition

Speaker Toma,

Today, I have vetoed HB 2570. I was elected on a promise to bring thoughtful leadership to the Governor's Office and always do the right thing for the people of this state, even when it's hard. Unfortunately, this expansive bill is a step too far and I know we can strike a better balance. This is unprecedented legislation that would put Arizonans at the center of a housing reform experiment with unclear outcomes. It lacks the nuance necessary for statewide reform, and I do not believe it is in the best interest of the people in this state.

The bill has unexplored, unintended consequences that are of great concern. For instance, the Department of Defense contacted my office while this bill was on my desk to state their opposition. They expressed very serious concerns that the increased density near military installations would put military operations and homeowners at risk, putting dense development within Accident Potential Zones. Firefighters shared significant public safety concerns highlighting that increased density without corresponding improvements to roads and public infrastructure could lead to traffic congestion during evacuations or delays in emergency response times. These are the examples that demonstrate the potential risks that come with the kind of sweeping reforms in this proposal.

Monday, March 18, 2024

Seventy-first Day

In addition, hundreds of Arizonans and community leaders from across the state have contacted my office about this legislation, with over 90% requesting a veto. Over forty mayors and city council members - Democrats and Republicans from Nogales to Superior to Tucson to Yuma, and every other corner of our state - have expressed concerns about the impacts on infrastructure, water consumption, land use planning, lack of affordability guarantees, and potential legal consequences.

While this expansive proposal is not the right step for our state, I believe there is great promise in other legislative efforts to build more attainable housing. I am supportive of ongoing efforts in the legislature to reach a more balanced solution on other reforms that are still moving through the process including proposals related to accessory dwelling units (ADUs, also known as casitas), missing middle housing options, commercial repurpose and reuse, and streamlining local approval processes. And I ask that interested stakeholders engage productively in those conversations.

As Governor, I have worked relentlessly to address Arizona's housing affordability challenges. From securing a historic \$150 million to build housing for working-class Arizonans, to maximizing our state's leverage of federal tax credits to build more affordable rental units, to developing the Arizona is Home mortgage assistance program, my administration is serious about producing the housing affordability that our state needs. Regretfully, this bill is not the compromise Arizonans are looking for.

Our constituents want us to take action to make housing more affordable for hard working Arizonans, because the status quo is not acceptable. Building that housing is an important piece of the solution. I am committed to working with stakeholders and members of the legislature to deliver that in more targeted ways. I will continue to champion policies and programs to bring down housing costs for Arizonans and I look forward to working to make that happen.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Sincerely,

/s/KATIE HOBBS

BUSINESS ON THE SPEAKER'S DESK

Speaker Pro Tempore Grantham announced that, without objection, communications from the Governor as listed on the Calendar would not be read and would be entered in the Journal. Carried.

RE: House Bill 2013: Water improvements program; nonprofit corporations

Speaker Toma,

Today, I vetoed House Bill 2013. This measure does nothing to move the needle on groundwater management or to provide the reforms that are desperately needed by rural communities who are facing depletion of their aquifers.

I have consistently stated that we need to address water policy in a holistic manner that provides real solutions for the challenges we face. I look forward to continuing to work with both the House and the Senate to craft a package of proposals that does exactly this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Eighty-seventh Day

April 2, 2024

RE: House Bill 2019: Groundwater model; public inspection; challenge

Speaker Toma,

Today, I vetoed House Bill 2019. The Arizona Department of Water Resources publishes its hydrologic models and related information to the Department's website, and this information is readily available to the public. ADWR engages in robust stakeholder engagement on all of its model releases, and this bill would create unnecessary bureaucratic processes that would delay further updates and release of information.

I have consistently stated that water policy needs to be addressed in a holistic manner that provides real solutions for the challenges we face throughout the state. I look forward to continuing to work with both the House and the Senate to craft a package of proposals that does exactly this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2027: Subsequent AMAs; assured water supply

Speaker Toma,

Today, I vetoed House Bill 2027. This measure unnecessarily codifies a process that the Arizona Department of Water Resources is undertaking in the Douglas Active Management Area and would undergo in any subsequent AMA.

I have consistently stated that water policy needs to be addressed in a holistic manner that provides real solutions for the challenges we face throughout the state. I look forward to continuing to work with both the House and the Senate to craft a package of proposals that does exactly this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2031: County supervisors; population; membership

Speaker Toma,

Today, I vetoed House Bill 2031. The legislation is unnecessary.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Eighty-seventh Day

RE: House Bill 2123: Wells; water measuring devices; prohibition

Speaker Toma,

Today, I vetoed House Bill 2123. This measure sends the message that Arizona is uninterested in sound management of our precious groundwater supplies. It also contains technical, legal, and practical issues - it would preclude the requirement for measuring devices in certain Irrigation Non-Expansion Areas, and may prevent cities, towns, or irrigation districts from requiring measuring devices on water withdrawn from their own lands and jurisdictions.

I have consistently stated that water policy needs to be addressed in a holistic manner that provides real solutions for the challenges we face throughout the state. I look forward to continuing to work with both the House and the Senate to craft a package of proposals that does exactly this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2183: Parental rights; medical records

Speaker Toma,

Today, I vetoed House Bill 2183. The measure as written could put the health and safety of vulnerable Arizonans at risk.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2184: Brackish groundwater pilot program

Speaker Toma,

Today, I vetoed House Bill 2184. This measure would alter the FY 2024 General Appropriations Act and should be considered in the full context of budget discussions, not as a standalone bill.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2271: Religious educational institution; special plates

Speaker Toma,

Today, I vetoed House Bill 2271. Establishing special plates that benefit out of state private educational institutions using public resources is not the best use of Arizona taxpayers' money.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RE: House Bill 2309: GPLET; agreement posting; abatement period

Speaker Toma,

Today, I vetoed House Bill 2309 because it contains provisions that would have harmful consequences for economic development efforts.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2375: Guaranteed income program; prohibition

Speaker Toma,

Today, I vetoed House Bill 2375. The broad language of this legislation could threaten programs Arizonans rely on such as housing, food, and emergency need programs if administered at the local level.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2502: SNAP; mandatory employment; training

Speaker Toma,

Today, I vetoed House Bill 2502. I have significant concerns about how this legislation will affect the economic well-being of Arizonans participating in the Supplemental Nutrition Assistance Program (SNAP).

I also have strong concerns about how this measure will undermine our state's ongoing efforts to connect SNAP participants with high-quality training and job support services. The SNAP Career Advancement Network (SNAP CAN), which provides SNAP participants in Arizona with employment and training opportunities, is vital to strengthening our economy and moving our state forward, and I am proud of the progress made in this area. Instead of diverting our limited resources to lesser-quality supports, as is contemplated in this bill, I encourage you to join my Administration in expanding SNAP CAN's capacity and help all Arizonans reach their full potential.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Eighty-seventh Day

April 2, 2024

RE: House Bill 2503: SNAP; waivers; exemptions

Speaker Toma,

Today, I vetoed House Bill 2503. The Supplemental Nutrition Assistance Program (SNAP) provides Arizonans with critical and timely access to food when their communities face economic challenges. This legislation would inhibit our state's ability to respond in these times to support Arizona families, retailers, and farmers, and would instead place additional strain on food banks.

I invite you to join me in productive endeavors to build an affordable and thriving economy for all Arizonans.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: House Bill 2629: Schools; instruction; victims of communism

Speaker Toma,

Today, I vetoed House Bill 2629. While I applaud your efforts to ensure our public school students understand the negative impact communist and authoritarian regimes have had around the world, especially at a time when we see many politicians in our own country warming up to dangerous leaders such as Vladimir Putin, this bill is too prescriptive in dictating instructional requirements to education professionals. In 2022, Representative Nguyen's HB 2008 was enacted into law which requires the State Board of Education to include a comparative discussion of political ideologies, such as communism and totalitarianism, that conflict with the principles of freedom and democracy. This is the appropriate process to modify academic content as it ensures that changes to standards are evaluated by experts in a holistic manner across grade levels, and the public is provided with ample opportunity for review and input. Therefore, I strongly urge the State Board of Education to take action to begin the process of updating the Social Studies Standards and address the issues covered in this legislation.

Finally, in sharing the spirit of this Legislation, I will proclaim this November 7 as Victims of Communism Day.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 2, 2024

RE: Senate Bill 1073: obstruction highway; large event; classification

President Petersen,

Today, I vetoed Senate Bill 1073. Recognizing the sanctity of constitutionally protected rights, it is critical that we approach these matters with precision to avoid infringing on Arizonans' freedoms.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RE: Senate Bill 1343: agency review; rules; automatic expiration

President Petersen,

Today, I vetoed Senate Bill 1343. The rulemaking process that state agencies follow is rigorous, transparent, and essential to allowing the State government to function and serve Arizonans.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Prayer was offered by Phoenix Holocaust Association President Sheryl Bronkesh.

PERSONAL PRIVILEGE

President Petersen offered comments in support of Israel in the war against Hamas.

Speaker Toma introduced the Honorable Israel Bachar, Consul General of Israel to the Pacific Southwest.

Eighty-seventh Day

The Honorable Israel Bachar, Consul General of Israel to the Pacific Southwest, delivered the following message:

Thank you Speaker Toma and President Petersen for your warm welcome. Thank you all for being here today. A special thank you to the Holocaust survivors who have joined us. Your presence is a testament to the power of surviving in the face of atrocity and inspires all of us. In spite of the horrors you endured, you rebuilt your lives, had children and lived a Jewish life, here in Arizona!

I feel very much at home in Arizona, since as a Jew, and as an Israeli, I am deeply tied to the desert. The desert runs through the heart and soul of the Jewish people.

And please allow me to quote from Genesis 12:7

וַיֵּרָא יְהוָה, אֶל-אַבְרָם, וַיֹּאמֶר, לְיֹרְעָדָה אִמּוֹ; אֶת-הָאָרֶץ הַזֹּאת

God appeared to Abraham and said, "to your offspring I will give this land"

We journeyed through the desert for 40 years. Found freedom from slavery, Received the Bible. And became a People. The desert is inseparable from the Israeli identity. It is in the desert land of Israel, we finally came back home, fulfilling a vision, achieving prosperity, and rebuilding our state.

Arizonans and Israelis, not only share topography, we are both innovative and resourceful people, with strong community, and family values. We know that in the desert, solutions are found, and resilience is fostered. The desert is where Israel has solved the challenges of drought, cultivated crops, and pulled water from the desert air. We have become one and learned to work with nature, instead of against it.

As the modern State of Israel's founding father, David Ben Gurion, said "It is in the Negev—the dry land—that the creativity and pioneer vigor of Israel shall be tested." The land of Israel is 60 percent desert and the rest semi-arid. We have few natural water resources and yet, we do not have a water problem. In fact, we have an abundance of water, due to our cutting-edge water technology. We also supply water to the Palestinians and the Kingdom of Jordan every day. Israeli innovations include, drip irrigation, desalination, water purification, and recycled sewage. Our global water footprint has grown, and we provide water solutions to many countries and communities. This cooperation has forged diplomatic ties and helped warm once-frosty relations with certain nations. In fact, next week an Israeli delegation will arrive in Arizona to offer solutions to local water challenges.

We are proud of our achievement in making the desert bloom and sharing our innovations with the world. But now, Israel is in a battle for its very existence. And our resilience has never been tested more since the massacre of October 7th. As we meet today, on the eve of six months, of this horrible and devastating war, when Hamas infiltrated our border, and unleashed a reign of terror, unlike anything the world has ever seen. We must not forget the 379 beautiful, peace-loving young people, who were slaughtered, maimed, and brutally sexually assaulted, at the Nova Music Festival. We must not forget, the families who were butchered in the most brutal ways imaginable, Holocaust survivors gunned down in their homes, Whole families who were killed and burned, Women raped and then murdered in cold blood. And we must not forget, the 220 men, women, children and elderly who were taken captive into Gaza, some of them have been released, others murdered and 134 remain in the hands of Hamas. And during Israel's darkest time in its modern history, I am here to assure you, there is light on the horizon. We will overcome, Israelis will fight, and we will win, not just for ourselves...but for humanity. And we will fight with TRUTH.

As President Reagan said, "In matters of state, unless truth be spoken, it ceases to exist." Now, we are here together, to speak the truth. Today I want to take you back to a shared painful past, so together...we can create a hopeful future.

Eighty-seventh Day

Throughout the 1990s, Islamic Jihad threatened America. And, the western world did not pay attention. Until that fateful day. At 8:14 a.m. on September 11, 2001, the world's clock stopped. America had been attacked by the radical Islamic Jihadist force, Al Qaeda. I will never forget that day. I was on the subway when the first plane hit. The train stopped at Grand Central station, and everyone needed to disembark. As the doors opened, I heard someone say that a plane had hit one of the towers at the World Trade Center. I remember telling my wife that it was probably just a Cessna, an accident. I left the station, got into a taxi, and continued towards my office in Soho, just a few blocks north, of the World Trade Center. When I arrived, I saw on the news that another plane had struck the second tower. I remember the fear, shock and trauma, as people ran for safety. There were sirens everywhere. I'll never forget the noise, the mayhem and the destruction, as the towers came crashing down.

Yes, Osama bin Laden and the Taliban had followed through on their threat. America—and the world—learned a very difficult lesson that day: When an enemy tells you that they are going to do something...believe them! I will also admit that Israel failed to learn the lessons that America learned on 9/11. And in that failure, we experienced our own 9/11 on 10/7. Israel suffered the equivalent of *fifty* 9/11's on October 7th. Today, In Israel, the clock still reads 6:30 a.m. on October 7th, 2023. And once again, the suffering of the Israeli people is ignored by the global community.

I call on the international community, to recognize the humanitarian crisis in Israel. The health, safety, security and well-being of our citizens are under constant threat. There are currently 200,000 Israelis who are displaced from their homes. Some are victims from the October 7th attack in the South, others from the rocket fire of Hezbollah in the North. My father has been hosting a family for the last five months, who were evacuated from the North. Our society has been traumatized. Hundreds of people in hospitals are still fighting for their limbs and undergoing medical treatment. Women, physically and psychologically ravaged from rape and brutalization. It took the global community nearly 4 months to admit the sexual violence en masse. Every Israeli has been impacted by this tragedy. And astoundingly, 134 hostages are still being held by Hamas, including 8 Americans, young women and elderly grandfathers....Where is the outrage?? Israel has offered numerous temporary ceasefires, just to get our people back, to bring them home. Deafening Silence from the other side—AND mostly “lip service” from the global community. I can assure you, we will not stop until all of the hostages are home. I know that YOU here today stand with me in this. We. Will. Bring. Them. Home!

Let's not forget...we left Gaza in 2005. We uprooted 8,000 Israelis from their thriving communities; every Israeli left the Gaza area. Even Jewish graves were relocated. The world applauded the disengagement. Then Secretary of State Condoleezza Rice lauded disengagement as an act that, “will enhance Israel's security and allow the Palestinians to make progress toward building the necessary institutions for a future state.” The decision did not enhance Israel's security! But the Palestinians did build a state—a Bunker Terror State. No sanitation plants or roads. No physical systems or facilities. Just terror tunnels and rocket launchers! If I laid the maze of terror tunnels Hamas built under Gaza, end to end, they would stretch further than the distance from Los Angeles to this very podium here in Phoenix! That is their vision of statehood! For Hamas, this is not about Territory. This is about Terrorism. For Hamas, this is not about Statehood. This is about Peoplehood. Their end goal is our destruction as a People. Their starting point is our destruction as a State. The Israeli government and the American administration share this belief! Hamas must be eradicated. We need to free Gaza from Hamas once and for all, for the good of Israel, and the Palestinian population. For us...every civilian casualty is a Tragedy. For Hamas, every civilian casualty is a Strategy!

And on that note, I would like to dispel, once and for all, the myths that surround the humanitarian situation in Gaza. Israel is bound to international law. We are the only Army in the world that embeds lawyers in combat units. The international community must hold HAMAS responsible—rather than Israel—for the humanitarian crisis in Gaza. Every day, hundreds of trucks filled with aid enter Gaza. 365,000 tons of aid, and 20,000 trucks have entered Gaza so far. 105 new ambulances have been transferred to Gaza since the beginning of the war. There are 21 operational bakeries in Gaza, providing over 2 million loaves of bread, rolls and pita daily, for the local population. There is no starvation; it's not the truth. However, there are distribution difficulties due to Hamas's intent to create a distribution failure. On Saturday night, there were 400 trucks waiting at the crossing point for international agencies to receive and transfer the aid. Waiting and waiting Hamas, intentionally sabotages the distribution of aid in order to generate international pressure on Israel. They succeed! Just as Hamas has no regard for Israeli life, it has no regard for the lives of the Palestinian people! We are working closely with America to overcome this challenge every day.

Eighty-seventh Day

While Israel is fighting to remove the threat of Hamas in Gaza, an even larger threat looms at the door of the Jewish people. Anti-Zionism is the “new” Anti-Semitism in 2024. October 7th was the largest massacre of Jews since the Holocaust. The best defense of the Jewish people to global Antisemitism, IS Statehood. That is the difference between October 7th 1943 and October 7th 2023. When antisemitism rears its head, it rises in Gaza, Europe, America, and I painfully say, Arizona. It’s why I stand before you today and applaud the State of Arizona for—combating antisemitism, standing up to hate and discrimination, adopting IHRA, prosecuting antisemitism and prohibiting BDS. The alarming rise in anti-Semitic incidents across this state, and this country, is something I know you take seriously. When threats and acts of antisemitism happen, this body acts to prosecute it and protect the freedom of everyone. Antisemitism has no home in Arizona—thanks to you! Because Arizonans, Americans and western civilization understand one thing: “What starts with the Jews, never ends with the Jews!” The war on Hamas’s Islamic Jihad is Israel’s war to win. The battle against antisemitism, and the fight for freedom, is all of ours. Because the Jewish State, and the United States of America, stand together for the same ideas and ideals we hold dear: Democracy, freedom, equality, opportunity and self-determination.

We share values. We share a creed. This is a brotherhood and a sisterhood. It must remain unshakeable. We are more than allies. We are a Family. Personally, my wife is a 4th generation American. And at some point, we will be called into account, and we will be asked—Where were we after October 7th? Where did We stand? Yes, ladies and gentlemen, because this is a battle of good versus evil.

To all those who say, we need to resolve the Israeli-Palestinian conflict through a two-state solution, I say: The road to peace in the Middle East is not paved through rewarding an Islamic terrorist regime with a State. Terrorism is never, ever, justified. Establishing a Palestinian state today would advance the cause of Jihadistic terrorist groups across the world. Terrorism would be rewarded with a great prize. Al Qaeda was not granted Manhattan in the wake of 9/11. Hamas and Hamas sympathizers will not be granted a state in the wake of October 7th. Yes, we do need to end the conflict. Believe me when I say, I stand here before you today still with a great hope for peace. Why? Because in the wake of military victory, the possibilities of peace are expanded. We were on the cusp of a new Middle East on October 6th. We were negotiating with Saudi Arabia and America a peace treaty that would change the Middle East forever. This would strengthen the moderate alliance against the evil axis—Russia, China and Iran. Hamas, Iran’s proxy, torpedoed the peace treaty....for now. However, we will get that peace agreement. We achieved peace with the Emirates, Bahrain and Morocco. We will continue to cultivate the Abraham Accords peace treaty. That’s why I am optimistic. There is not one moderate Arab state that supports Hamas. The Muslim Brotherhood, the parent who spawned Hamas, is their worst nightmare. But, we do need to acknowledge that the most dangerous enemy of the moderate Arab states, Israel and America is Iran. The combination of a nuclear bomb, and radical Islamic ideology, will create an imminent threat to millions of lives. Remember: When an enemy tells you that they are going to do something...believe them! And they are chanting death to Israel, Death to America. It’s your duty, our duty, to stop Iran from acquiring a nuclear bomb. As long as we succeed in this historic mission, we can all be optimistic. And now, when Israel is realizing in stark terms who her friends are, I can firmly stand here before you today, and say, the State of Arizona has stood on the side of right, with the State of Israel. And for that, I am eternally grateful.

And now I’d like to end with a quote from where it all began—Genesis 12:3

וְאָבְרָהָם, מְבָרְכֶיךָ, וְאֶמְקָ לְךָ, אֶצֶק
 . וְנִבְרָכְךָ בְּךָ, כֹּל לְמִשְׁפַּחַת הָאָדָמָה

And I will bless those who bless you
 And the one who curses you I will curse,
 And in you, all the families of the earth shall be blessed.

God bless Arizona, and God Bless America

Thank you!

Ninety-fourth Day

Communications from Governor Katie Hobbs on disapproval of the following measures were filed:

April 8, 2024

RE: House Bill 2157: Probation; termination; deportation

Speaker Toma,

Today, I vetoed House Bill 2157. This legislation is unnecessary. Current policy clearly states that, under the Supreme Court Administrative Directive, a person's probation continues upon returning to the country. If there are counties not in compliance, then they should rectify their policies, and do not need a directive from the State to do so.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 8, 2024

RE: House Bill 2586: harmful website content; age verification

Speaker Toma,

Today, I vetoed House Bill 2586. The legislation goes against settled case law. Children's online safety is a pressing issue for parents and the state. While we look for a solution, it should be bipartisan and work within the bounds of the First Amendment, which this bill does not.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 8, 2024

RE: House Bill 2788: United Nations; sustainable development; prohibition

Speaker Toma,

Today, I vetoed House Bill 2788. Included in the United Nations' core goals is decreasing hunger, poverty, and ensuring a quality education for all, goals that every Arizonan can support. This bill would limit our ability to meaningfully address these issues, and therefore limit our ability to ensure the long-term prosperity of Arizona and our constituents.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Wednesday, April 10, 2024**Ninety-fourth Day**

April 8, 2024

RE: House Bill 2793: school policies; internet; wireless devices

Speaker Toma,

Today, I vetoed House Bill 2793. This legislation establishes an unnecessary mandate for an issue schools are already addressing.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 8, 2024

RE: House Bill 2843: defense of premises; definition

Speaker Toma,

Today, I vetoed House Bill 2843. The legislation as written values property over human life and incentivizes vigilantism. This proposal would alter traditional laws on self-defense to allow the unnecessary use of deadly force and further embolden a culture of armed vigilantism and violence with impunity. This is yet another example of extremists in the Arizona legislature.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 9, 2024

RE: House Bill 2125: annexation; notice; approval

Speaker Toma,

Today, I vetoed House Bill 2125. This legislation would favor the voices of some Arizonans over others, and create an unfair power imbalance in our communities.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Communications from Governor Katie Hobbs on disapproval of the following measures were filed:

April 10, 2024

RE: House Bill 2393: presidential preference; parties; voting methods

Speaker Toma,

Today, I vetoed House Bill 2393. If the state were to change the manner in which political parties hold their own elections, it would be important to reflect bipartisan agreement.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 10, 2024

RE: House Bill 2404: voter registration cards; mailing limitation

Speaker Toma,

Today, I vetoed House Bill 2404. This bill is unnecessary. Arizona statute and the Elections Procedures Manual already outline the process when a voter provides a new residential address that is located outside the state.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 10, 2024

RE: House Bill 2504: forced organ harvesting; insurance; prohibition

Speaker Toma,

Today, I vetoed House Bill 2504. While I understand the intentions of the bill, it includes overbroad provisions for genetic sequencing equipment that create compliance challenges for hospitals, healthcare providers, and researchers.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

Wednesday, April 17, 2024**One Hundred First Day**

April 10, 2024

RE: House Bill 2612: ballot collection conviction; public office

Speaker Toma,

Today, I vetoed House Bill 2612. This legislation is unnecessary.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 10, 2024

RE: House Bill 2658: pedestrians; congregating; medians; intersections

Speaker Toma,

Today, I vetoed House Bill 2658. Recognizing the importance of constitutionally protected rights, it is critical that we approach these matters with precision to avoid infringing on Arizonans' freedoms.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 16, 2024

RE: Senate Bill 1061: committees of reference; deadline; extension

President Petersen,

Today, I vetoed Senate Bill 1061. Legislators currently have the ability to hold Committee of Reference hearings in the interim, prior to the deadlines at the start of the legislative session.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 16, 2024

RE: Senate Bill 1097: school districts; partisan elections

President Petersen,

Today, I vetoed Senate Bill 1097. This bill will further the politicization and polarization of Arizona's school district governing boards whose focus should remain on making the best decisions for students. Partisan politics do not belong in Arizona's schools.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

One Hundred First Day

April 16, 2024

RE: Senate Bill 1146: disclosure; agricultural vaccinations; prohibition

President Petersen,

Today, I vetoed Senate Bill 1146. Vaccines are an important tool for Arizona ranchers and farmers, and the Arizona Department of Agriculture may rely on the use of mRNA vaccines in the future to mitigate disease outbreaks. This bill would pose a risk to the health and safety of Arizonans, as well as the vitality of cattle ranchers and farmers.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 16, 2024

RE: Senate Bill 1151: school classrooms; ten commandments; posting

President Petersen,

Today, I vetoed Senate Bill 1151. Not only do I have serious concerns about the constitutionality of this legislation, it is also unnecessary.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

April 16, 2024

RE: Senate Bill 1153: regulatory costs; rulemaking; legislative ratification

President Petersen,

Today, I vetoed Senate Bill 1153. This would create an unnecessary burden on state agencies that would inhibit their ability to carry out duties in a timely manner.

RE: Senate Bill 1189: political subdivisions; gun shows; preemption

President Petersen,

Today, I vetoed Senate Bill 1189. I vetoed this exact legislation last legislative session. My position remains unchanged. This bill needlessly restricts the authority of political subdivisions to make decisions about how to keep their communities safe.

RE: Senate Bill 1289: DWR; hydrology reports

President Petersen,

Today, I vetoed Senate Bill 1289. The Arizona Department of Water Resources publishes its hydrologic studies and related information to the Department's website, and this information is readily available to the public. This legislation would drown the Department in paperwork and bureaucracy that will interfere with its core mission of building a sustainable and secure water future for our state.

I have consistently stated that water policy needs to be addressed in a holistic manner that provides real solutions for the challenges we face throughout the state. I look forward to continuing to work with both the House and the Senate to craft a package of proposals that does exactly this.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RE: Senate Bill 1299: traffic control; right on red

President Petersen,

Today, I vetoed Senate Bill 1299. This bill is unnecessary and redundant for the Department of Transportation and local jurisdictions required to follow traffic engineering guidelines and standards when determining traffic movement.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RE: Senate Bill 1330: On-site ballot tabulation; containers

Governor

RE: Senate Bill 1366: regulatory sandbox; blockchain

President Petersen,

Today, I vetoed Senate Bill 1366. This legislation is too broad and would undermine the original intentions of the Regulatory Sandbox Program.

Sincerely,

RE: Senate Bill 1412: shoplifting; prior offenses

President Petersen,

Today, I vetoed Senate Bill 1412. I have signed Sen. Gowan's bill SB1411 establishing an Organized Retail Theft Task Force in the Attorney General's office that will be critical to adequately and appropriately combating this issue. Their first report is due July 1, 2025 and I look forward to reviewing their policy recommendations and working together to find balanced policies for this matter.

RE: Senate Bill 1509: informed consent; signatures

President Petersen,

Today, I vetoed Senate Bill 1509. This legislation is unnecessary. It is already standard practice to receive informed consent from patients prior to receiving care.

RE: Senate Bill 1628: sex-based terms; laws; rules; regulations

President Petersen,

Sincerely,

/s/KATIE HOBBS

RE: Senate Bill 1473: agencies; single audit reports; penalty

President Petersen,

Today, I vetoed Senate Bill 1473. Our agencies provide critical services to Arizonans across the state, and should not be punished for leveraging a once in a generation influx of federal funding to improve the lives of everyday Arizonans.

The reporting delays experienced in the single audit were inherited from the previous administration. Our agencies are working diligently to rectify the extended reporting timeline.

Sincerely,

/s/KATIE HOBBS

RE: House Bill STO; foster care students

Speaker Toma,

Today, I vetoed House Bill 2095. This measure would have an estimated impact on the General Fund and should be considered in the full context of budget discussions, not as a standalone bill.

Governor
State of Arizona

RE: House Bill 2275: settlement agreements; report; approval

Speaker Toma,

Today, I vetoed House Bill 2275. This legislation is unnecessary and undermines the separation of powers doctrine in state government, ultimately harming the best interest of Arizona's taxpayers.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

May 29, 2024

RE: Senate Bill 1336: deepfake recordings or images

President Petersen,

Today, I vetoed Senate Bill 1336.

Today I also signed SB 1359, which imposes disclosure requirements on computer generated audio, video and images during election periods, and civil penalties for those who violate the statute. Last week, I signed HB 2394, which will permit Arizonans who are depicted in deepfakes to sue, seeking declaratory and injunctive relief, or damages similar to a defamation claim.

Upon the Senate's return, I anticipate the transmission of SB 1078, which will hold accountable those who create and distribute deepfake content with the intent to defraud or harass. I intend to sign SB 1078. Because SB 1336 significantly overlaps with SB 1078, I am vetoing SB 1336 as duplicative.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

ARIZONA HOUSE OF REPRESENTATIVES

REPORT OF COMMITTEE ON ETHICS – JUNE 4, 2024

MR. SPEAKER,

Your Committee on Ethics (“Committee”) has considered the Ethics Complaint (“Complaint”) filed on April 24, 2024, by Representatives Barbara Parker, David Marshall, and Jacqueline Parker against Representative Oscar De Los Santos. The Complaint alleges that on April 10, 2024, Representative De Los Santos violated the House’s rules on debate and engaged in disorderly behavior by yelling at members of the House with “inappropriate and insulting language to impugn [their] character.” Complaint at 3.

Upon consideration, this Committee unanimously concludes that Representative De Los Santos engaged in disorderly behavior, thereby violating Rules 1, 18, and 19 of the Arizona House of Representatives and damaging the institutional integrity of the House.

Consistent with the text of the Arizona Constitution, see Ariz. Const. art. 4, part 2, § 11 (empowering the House to “punish its members for disorderly behavior”), the Committee refers this Report to the House to determine what disciplinary measures, if any, should be taken.

One Hundred Forty-ninth Day

I. ETHICS COMPLAINT AND RESPONSE

On April 24, 2024, Representatives Barbara Parker, David Marshall, and Jacqueline Parker presented an Ethics Complaint against Representative Oscar De Los Santos. First, the Complaint alleged that Representative De Los Santos engaged in disorderly behavior in violation of House Rule 1 on April 10, 2024, when he loudly chanted phrases including “Shame!,” “Blood on your hands!,” and “Hold the vote!” on the House Floor after a substitute motion to recess—which he did not support—was offered and ultimately adopted. Complaint at 1, 3. He then continued to shout as he walked up and down the House Floor aisle, pointing his finger at Majority members. *Id.* The complainants also alleged that Representative De Los Santos had engaged in disorderly behavior by subsequently disrupting another member’s press conference on the House Floor during that recess by continuing to shout and “charging” across the chamber to “attack” the member’s character in front of the gathered press. *Id.* at 1–3.

Second, the Complaint alleged that Representative De Los Santos violated House Rule 18 on Decorum and Debate by initiating his shouting before the House had gavelled into its recess and without having been recognized by the Chair. Third, the Complaint alleged that Representative De Los Santos engaged in impermissible debate in violation of House Rule 19 by using language personally offensive to members of the House and “clearly intended to hold the members of the Republican Caucus up to contempt.” *Id.* at 3–4. The Complaint contended that Representative De Los Santos’s actions undermined the dignity and integrity of the House of Representatives and “embarrass[ed]” the institution on a national level. Complaint at 1, 3.

Pursuant to House Ethics Committee Rule of Procedure 13, the Committee provided Representative De Los Santos, who elected to exercise his right under Rule 15 to engage legal counsel, with an opportunity to respond to the Complaint in writing. He did so, submitting the Response on May 1, 2024. In it, Representative De Los Santos did not dispute any of the underlying factual allegations; in fact, he appeared to concede that his exclamations were “formally out of order,” that he was “loud,” and that he had intentionally “sought to disrupt the press conference that was being held.” Response at 1, 2. However, he contested the way that the Complaint characterized his actions. *Id.* Representative De Los Santos also asserted that his actions were fueled by a passionate opposition to what he believes was a tactic to “delay the People’s business.” *Id.*

The Committee held an evidentiary hearing on May 15, 2024. Pursuant to the Committee rules that were in effect at the time, Representative De Los Santos elected to not appear at this hearing to personally answer any of the Committee’s questions. His legal counsel appeared on his behalf and agreed that Representative De Los Santos’s behavior was not “normal” or “typical.” See Ethics Hearing Video at 35:40. He relayed, however, that Representative De Los Santos would not apologize for it. *Id.* at 57:45.

II. COMMITTEE’S FINDING

As the Chairman emphasized at the evidentiary hearing, the sole issue for the Committee’s consideration is whether Representative De Los Santos violated the House Rules. In undertaking that inquiry, the Committee makes the following factual finding, accompanied by its reasoning.

1. THE COMMITTEE FINDS that Representative De Los Santos’s actions breached the House’s standards of order and decorum.

The facts here are not disputed and in fact were recorded from many angles. See Exhs. A, E–M. As the House went into a recess, Representative De Los Santos faced the members on the opposite side of the House Floor with whom he had disagreed on the procedural motion that had just taken place, shouting chants directed to those members, including “Shame!,” “Blood on your hands!,” and “Hold the vote!” He left his assigned desk on the Floor, walking up and down the Floor aisle while pointing his finger toward the members and continuing to shout loudly. See Exh. E. at 00:23. Later, after the press initiated a conversation with a member on the other side of the House Floor, Representative De Los Santos crossed the House Floor to insert himself in their discussion by loudly making personal attacks against the member’s character and repeatedly interrupting both the member and the press. This behavior was disorderly.

One Hundred Forty-ninth Day

Representative De Los Santos's Response contends that this Committee should "protect the spirit of debate and the marketplace of ideas on the floor of the Arizona Legislature" by not interpreting "the rules of decorum and civility as barring passionate debate." Response at 1. But the conduct here cannot be described as "passionate debate." The Committee emphasizes that the rules of decorum, order, and civility exist precisely to enable that spirit and a free marketplace of ideas. Disregarding those House rules presents a real and legitimate chilling effect on the dialogue between elected officials on important matters of statewide policy and denigrates the House as an institution of government. The rules allow members to express their ideas knowing that doing so would be met, at worst, with orderly opposition. The rules allow members to vocally agree or disagree without fear of whether others will respond with disorder. The rules allow members to state their positions and to be heard in a way that invites discourse and not disruption.

For these reasons, the Committee cannot allow violations of the rules of decorum and order to be characterized as anything other than disorderly behavior. Doing so would not only render the rules meaningless; it would set an improper and damaging precedent for this body as an institution.

The House Rules provided Representative De Los Santos avenues by which to voice his opposition to the substitute motion to recess, including a call for division on the voice vote for the substitute motion pursuant to Rule 14(H) and for which he could have volunteered to be the member from his side of the vote to explain his rationale pursuant to Rule 14(G), or he could have entered a formal protest into the House Journal pursuant to Rule 20. He also could have initiated a separate conversation with the press to provide them with his stance without disrupting their conversation with the other member. But he did not pursue any of these options.

III. CONCLUSION

The Arizona Constitution empowers the House to establish its own rules of procedure. See Ariz. Const. art. 4, part 2, § 8. The House Rules, which the House adopted at the beginning of the first regular session of the 56th Legislature, expressly confirm that House Rules are subject only to constitutional rules and take precedence over statutory rules or provisions, customs and usages, or other parliamentary authority. See House Rule 29. Accordingly, it is incumbent on the Ethics Committee to thoroughly review any Complaint by any member to determine whether a member has violated a House Rule.

The Committee's investigation required time and legislative resources. The Committee does not lightly issue this Report, but the findings herein are necessary to protect the integrity of the House, the House Rules, and the legislative process. This Report should not be construed as any comment on individuals' constitutional rights, including the rights to freely speak, dissent, or peacefully protest. House Rules have long required members, the public, and the press to maintain proper decorum.

Pursuant to its investigation and its factual findings above, the Committee finds that the evidence sufficiently supports a conclusion that Representative De Los Santos's disruptive actions constitute disorderly behavior in violation of Rule 1 of the Arizona House of Representatives. Additionally, based on the undisputed evidence, Representative De Los Santos also violated House Rules 18 and 19, which govern decorum and debate and impermissible debate, respectively.

The Committee notes that its findings require a subjective assessment of Representative De Los Santos's conduct. Accordingly, the Committee recommends that all members of the House fully examine this Report and the material cited herein. The Committee agrees, unanimously, that Representative De Los Santos violated Rules 1, 18, and 19. Based on this finding, and because Representative De Los Santos's violations of Rules 1, 18, and 19 involve House order and procedure, the Committee deems it appropriate for the House as a whole to decide what disciplinary measures, if any, should be taken.

Respectfully submitted this 4th day of June, 2024.

ARIZONA HOUSE OF REPRESENTATIVES**REPORT OF COMMITTEE ON ETHICS – JUNE 4, 2024**

MR. SPEAKER,

Your Committee on Ethics (“Committee”) has considered the Ethics Complaint (“Complaint”) filed on April 24, 2024, by Representatives Barbara Parker, David Marshall, and Rachel Jones against Representative Analise Ortiz. The Complaint alleges that on April 10, 2024, Representative Ortiz engaged in disorderly behavior by yelling at members of the House with “inappropriate and insulting language to impugn [their] character” and by loudly disrupting another member’s press conference on the Floor. Complaint at 3.

Upon consideration, this Committee unanimously concludes that Representative Ortiz engaged in disorderly behavior, thereby violating Rule 1 of the Arizona House of Representatives and damaging the institutional integrity of the House.

Consistent with the text of the Arizona Constitution, see Ariz. Const. art. 4, part 2, § 11 (empowering the House to “punish its members for disorderly behavior”), the Committee refers this Report to the House to determine what disciplinary measures, if any, should be taken.

I. ETHICS COMPLAINT AND RESPONSE

On April 24, 2024, Representatives Barbara Parker, David Marshall, and Rachel Jones presented an Ethics Complaint against Representative Analise Ortiz. The Complaint alleged that Representative Ortiz engaged in disorderly behavior in violation of House Rule 1 on April 10, 2024, when she loudly chanted phrases including “Shame!,” “Blood on your hands!,” and “Hold the vote!” on the House Floor after a substitute motion to recess—which she did not support—was offered and ultimately adopted. The complainants also alleged that Representative Ortiz had engaged in disorderly behavior by subsequently disrupting another member’s press conference on the House Floor during that recess by continuing to shout and “charging” across the chamber to “attack” the member’s character in front of the gathered press. Complaint at 1, 2. In the Complaint, the complainants submitted that Representative Ortiz’s actions undermined the dignity and integrity of the House of Representatives and “embarrass[ed]” the institution on a national level. *Id.* at 1, 3.

Pursuant to House Ethics Committee Rule of Procedure 13, the Committee provided Representative Ortiz, who elected to exercise her right under Rule 15 to engage legal counsel, with an opportunity to respond to the Complaint in writing. She did so, submitting the Response on May 1, 2024. In it, Representative Ortiz did not dispute any of the underlying factual allegations; in fact, she appeared to concede that her exclamations were “formally out of order,” that she was “loud,” and that she had intentionally “sought to disrupt the press conference that was being held.” Response at 1, 2. However, she contested the way that the Complaint characterized her actions. *Id.* Representative Ortiz also asserted that her actions were fueled by a passionate opposition to what she believes was a tactic to “delay the People’s business.” *Id.*

The Committee held an evidentiary hearing on May 15, 2024. Pursuant to the Committee rules that were in effect at the time, Representative Ortiz elected to not appear at this hearing to personally answer any of the Committee’s questions. Her legal counsel appeared on her behalf and agreed that Representative Ortiz’s behavior was not “normal” or “typical.” See Ethics Hearing Video at 35:40. He relayed, however, that she would not apologize for it. *Id.* at 57:45.

II. COMMITTEE’S FINDING

As the Chairman emphasized at the evidentiary hearing, the sole issue for the Committee’s consideration is whether Representative Ortiz violated House Rule 1, which prohibits members from engaging in disorderly behavior. In undertaking that inquiry, the Committee makes the following factual finding, accompanied by its reasoning.

1. THE COMMITTEE FINDS that Representative Ortiz’s actions breached the House’s standards of order and decorum.

One Hundred Forty-ninth Day

The facts here are not disputed. Indeed, the incident was recorded from many angles, including Representative Ortiz's own. See Exhs. A, E–M. As the House went into a recess, Representative Ortiz faced the members on the opposite side of the House Floor with whom she had disagreed on the procedural motion that had just taken place, filming them on her cell phone, and shouting chants directed to those members, including “Shame!,” “Blood on your hands!,” and “Hold the vote!” Exh. E. She left her assigned desk on the Floor to get closer to those members, at one point pointing her finger at them as she continued to shout loudly. See *id.* at 00:23. Later, after the press initiated a conversation with a member on the other side of the House Floor, Representative Ortiz made the intentional decision to “disrupt” that conversation and crossed the House Floor to insert herself in their discussion by loudly making personal attacks against the member's character and repeatedly interrupting both the member and the press. *Id.* at 03:05; Exh. I. This behavior was disorderly.

Representative Ortiz's Response contends that this Committee should “protect the spirit of debate and the marketplace of ideas on the floor of the Arizona Legislature” by not interpreting “the rules of decorum and civility as barring passionate debate.” Response at 1. But the conduct here cannot be described as “passionate debate.” The Committee emphasizes that the rules of decorum, order, and civility exist precisely to enable that spirit and a free marketplace of ideas. The rules allow members to state their positions and to be heard in a way that invites discourse and not disruption.

For these reasons, the Committee cannot allow violations of the rules of decorum and order to be characterized as anything other than disorderly behavior. Doing so would not only render the rules meaningless; it would set an improper and damaging precedent for this body as an institution.

The House Rules provided Representative Ortiz avenues by which to voice her opposition to the substitute motion to recess, including a call for division on the voice vote for the substitute motion pursuant to Rule 14(H) and for which she could have volunteered to be the member from her side of the vote to explain her rationale pursuant to Rule 14(G), or she could have entered a formal protest into the House Journal pursuant to Rule 20. She also could have initiated a separate conversation with the press to provide them with her stance without disrupting their conversation with the other member. But she did not pursue any of these options.

Members & Guests,

I'd like to take a moment to recognize and celebrate the life of Susan Piattoni Fitzgerald, the late wife of our beloved Sergeant at Arms, Chuck Fitzgerald. Susan passed just before the start of this Legislative Session.

Many of us know Susan, but some of us do not. As you might guess, she was pretty special. She spent much of her time loving people in her community through her business and through her church. She loved Jesus, and she loved all people beyond reason.

She loved rescue dogs and her husband Chuck, another rescue. She also loved Chuck's children Beth, Andy, and Tricia...and their children. What a great "second" mother.

One of her treasured relationships, which was totally random, was with Governor Jan Brewer. They never talked politics. It was more like, "Wow, what lovely nails...where did you get those done?" They loved one another.

Susan was so proud of Chuck. How was it possible that he was here in our midst? She loved bragging about him. Of course, he loved bragging on her.

Chuck, we mourn with you. She was a special lady. She passed way too soon. We love you, Chuck. Let's all honor Susan Piattoni Fitzgerald with a moment of silence.

The House stood for a moment in respectful silence.

RE: House Bill 2009: real estate; subdivisions; employment agreements

Speaker Toma,

Today, I vetoed House Bill 2009. This legislation lacks consumer protections and may put up an unnecessary barrier to entry into the housing market by forcing homebuyers into unvetted contracts. The homebuying process should be made easier for Arizonans, not harder. The bill represents a serious change in how homebuyers are represented by their agents and would have benefitted from inclusion of language that would ensure homebuyers are protected.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 18, 2024

RE: Senate Bill 1007: schools; libraries; explicit materials; classification

President Petersen,

Today, I vetoed Senate Bill 1007. This legislation is an attack on public schools and public libraries, and does nothing to protect minors.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 18, 2024

RE: Senate Bill 1435: public entity liability; sexual offenses

President Petersen,

Today, I vetoed Senate Bill 1435. Legislation that expands public entity liability needs to be carefully tailored and thoughtfully executed. This legislation does not meet that standard.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 18, 2024

RE: Senate Bill 1511: insurance; gender surgeries; documentation; reports

President Petersen,

Today, I vetoed Senate Bill 1511. This bill is unnecessary and would create a privacy risk for patients.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

June 18, 2024

RE: Senate Bill 1570: psilocybin services; regulation; licensure

President Petersen,

Today, I vetoed Senate Bill 1570. The state's psilocybin research advisory board established last year recently issued its annual report with a clear message: although psilocybin may be a promising treatment in the future, we do not yet have the evidence needed to support widespread clinical expansion.

Arizonans with depression and PTSD deserve access to treatments that may be seen as outside the mainstream, but they should not be the subject of experiments for unproven therapies with a lack of appropriate guardrails.

Additionally, this bill is estimated to have an ongoing cost to the state of nearly \$400,000 per year, which was not funded in the FY25 budget.

Last year's budget included \$5 million for psilocybin research which will be allowed to continue with this year's budget. This will allow research to take place with a goal to ensure that those who seek psilocybin treatment are doing so confidently and safely under proper supervision of qualified professionals with documented and verified research to support the treatment.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

On June 19, 2024, Governor Katie Hobbs approved the following:

SB 1081, exemption area; assured water supply
SB 1181, groundwater replenishment; member lands; areas
SB 1242, ~~ADWR; application; review; time frames~~
(now: water conservation grant fund; purpose)

On June 19, 2024, Governor Katie Hobbs disapproved the following:

June 19, 2024

RE: HB 2017, HB 2020, HB 2062, HB 2127, SB 1172

Speaker Toma & President Petersen,

Today I vetoed the following bills:

- HB 2017 assured water supply; commingling
- HB 2020 long-term storage; stormwater; rainwater; rules
- HB 2062 assured water supply; certificate; model
- HB 2127 assured water supply; certificate; effluent
- SB 1172 land division; water; transportation; turf

House Bills 2017, 2020, 2062, and 2127 threaten to erode the water protections Arizonans rely upon, and do not measure up to the real groundwater challenges we face. These bills would weaken and circumvent the Assured Water Supply regulations that provide consumer protection and promote sustainable water management.

I have also vetoed SB 1172. The concept at the core of this bill - conversion of agricultural lands to lower water use development - is a policy that has broad potential benefits and is one that my Administration supports. However, it is critical that the legislation be carefully crafted to ensure that the water conservation savings and consumer protections are guaranteed. It is clear that the unique data among Arizona's Active Management Areas (AMAs) does not support universal adoption of this program across all four of the state's initial AMAs (Phoenix, Pinal, Prescott, and Tucson), and that more time is needed to develop this concept in collaboration with stakeholders and lawmakers to ensure the legislation is crafted appropriately. I remain committed to these discussions and finding a path forward to responsibly enact this concept.

While more work needs to be done on the "ag-to-urban" legislation, I have signed several key pieces of legislation that promote responsible development and continued sustainable growth, including SB 1081, SB 1181, and SB 1242.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RE: House Bill 2376: federal government; land acquisition; consent

Speaker Toma,

Today, I vetoed House Bill 2376. This legislation would set an unprecedented standard of allowing the state to dictate the sale of private property. It could also undermine conservation efforts and the ability to preserve historic places and archaeological sites.

Additionally, I am concerned about exposing Arizona taxpayers to the legal defense of a bill that stands on questionable constitutional ground.

Sincerely,

/s/KATIE HOBBS
 Governor
 State of Arizona

June 21, 2024

RE: House Bill 2573: use fuel dispenser labels; penalties

Speaker Toma,

Today, I vetoed House Bill 2573. This legislation would reduce accountability and consumer protection measures.

 State of Arizona

RE: House Bill 2735: ABOR; course approval; accounting system

Speaker Toma,

Today, I vetoed House Bill 2735. Faculty play a key role in the shared governance of a university's academic and research affairs. Limiting their management participation in the academic affairs of the institution has the potential to weaken the institution and limit the perspectives and expertise included in decision making.

Sincerely,

/s/KATIE HOBBS
 Governor
 State of Arizona

RE: Senate Bill 1155: lifetime probation; sexual offenses; termination

President Petersen,

Today, I vetoed Senate Bill 1155. While clarification around the term "lifetime probation" and what victims and their families can expect is a worthwhile consideration, proposed solutions should not strip away judicial discretion. Qualified judges should have the opportunity to assess someone's assimilation back into society.

Sincerely,

/s/KATIE HOBBS
Governor
State of Arizona

RULES OF THE
ARIZONA HOUSE OF REPRESENTATIVES
56th LEGISLATURE
2023-2024

RULE 1

MEMBERS

A. The House may punish its members for disorderly behavior and may, with the concurrence of two-thirds of the members elected to the House, expel any member (Arizona Constitution, Article IV, Part 2, Section 11). A violation of any of the House Rules shall be deemed disorderly behavior. When a roll call vote is ordered on the floor of the House and subject to the provisions of Rules 6 and 14, members are required to vote after a reasonable time, as determined by the Chair, and may be punished for disorderly conduct if the member fails to vote after a reasonable time.

B. When any member shall be guilty of a breach of any of the Rules and Orders of the House, and the House has determined that he has so transgressed; he shall not be permitted to vote or speak, except by way of excuse for the same, until he has made satisfaction.

C. Only members may present a complaint to the Ethics Committee Chairman regarding the behavior of any member.

D. Any member having obtained leave of absence and having in his possession papers relative to business before the House shall leave same with the Chief Clerk.

RULE 2

ANNUAL SESSIONS

A. Except as provided herein, regular sessions shall be adjourned sine die no later than Saturday of the week in which the one hundredth day from the beginning of each regular session falls. The Speaker may by declaration authorize the extension of the session for a period not to exceed seven additional days. Thereafter the session can be extended only by a majority vote of the House.

B. If not considered in the regular session, the general appropriations bill, the general capital outlay bill and the university capital outlay bill may be considered each year in a special session which shall be called only for that purpose.

RULE 3

OFFICERS AND EMPLOYEES

A. The House shall elect as an officer of the House a Speaker, and shall elect a Chief Clerk and such other employees as the House directs.

B. All House employees shall be under the immediate direction of the Speaker of the House, who shall have the power to designate the person who shall be in immediate supervision of the different departments.

C. Employment, compensation and termination of personnel shall be determined by the Speaker.

D. Employees of the House are prohibited from lobbying during the term of their employment, and a violation of this Rule will be sufficient cause for the summary discharge of the offending employee.

E. No person shall be employed as a House employee who is an agent for the prosecution of any claim against the state or who is interested in such claim otherwise than as an original claimant and it shall be the duty of the Speaker to report to the House any violation of this Rule.

RULE 4

THE SPEAKER

A. The Speaker shall take the Chair at the hour to which the House shall have adjourned, immediately call the members to order, cause the roll to be called, and if a quorum be present, cause the Journal of the proceedings of the last day's sitting to be read, if requested by a majority of the members elected to the House.

B. The Speaker shall preserve order and decorum; decide all points of order subject to an appeal to the House, on which appeal no member shall speak more than once, except by permission of the House; may speak to points of order in preference to other members; and may vote in all cases.

C. The Speaker shall sign all bills, resolutions, memorials, addresses, writs, warrants and subpoenas issued by order of the House.

D. At each session the Speaker shall announce the Order of Business in conformity with Rule 7.

E. The Speaker may appoint a member as Speaker Pro Tempore to perform the duties of the Speaker. In his omission to make such appointment, the House shall proceed to elect a Speaker Pro Tempore to act during the Speaker's absence.

F. The Speaker shall have the general control of the House Chamber and the corridors, passages and committee, hearing and staff rooms of the House of Representatives and all other matters which pertain to the House of Representatives' building and related parking lots. The Speaker shall promulgate a written code of conduct and a written harassment prevention policy applicable to staff.

G. All debts incurred by the House of Representatives, either during session or between sessions of the Legislature, shall be paid by claims drawn on the Finance Division; and all claims so issued shall be signed by the Speaker.

H. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law.

I. The Speaker shall be responsible for authorizing the accounts for the pay, mileage and subsistence of members and employees, and pay them as provided by law.

J. Every bill, resolution and memorial, except death resolutions and Senate bills to be substituted on Third Reading pursuant to Rule 7(C), shall automatically be assigned to the Rules Committee at the time of assignment to another standing committee without action upon the part of the Speaker.

K. The Speaker is authorized to bring or assert in any forum on behalf of the House any claim or right arising out of any injury to the House's powers or duties under the Constitution or Laws of this state.

RULES OF THE HOUSE**RULE 5****THE CHIEF CLERK**

A. The Chief Clerk shall keep the Journal of the House and enter therein the record of each day's proceedings, including every question of order which shall be decided on appeal, with the decision thereon, and the hour of adjournment.

B. The Chief Clerk shall prepare copies of the Committee of the Whole Calendar and deliver the same in paper form or electronically to the members, and prepare such other memoranda as the House or Speaker may direct.

C. The Chief Clerk shall transmit to the Senate every bill or other measure, immediately after its passage, to which concurrence is necessary.

D. The Chief Clerk shall transmit all messages from the House to the Senate and Governor, unless the House shall otherwise direct, and shall perform such additional duties as may be assigned by the House or Speaker.

E. The Deputy Chief Clerk shall, in the absence of the Chief Clerk, perform the duties of the Chief Clerk.

RULE 6**ROLL CALL, QUORUM, CALL OF THE HOUSE**

A. Every member shall be present within the Hall of the House during its sitting, unless excused by the Speaker prior to roll call or necessarily prevented, and shall vote on each question put, unless the member has a personal financial interest in the question, as set forth in Rule 34 or unless the member is excused from voting in accordance with Rule 14.

B. Upon every roll call the names of the members shall be called alphabetically by surnames. When members have the same or similar surnames, the designation of the district or first initial shall be added.

C. The majority of the members elected to the House shall constitute a quorum to do business; but a smaller number may meet, adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the House may prescribe. The House shall not adjourn for more than three days between the day of adjournment and the day of reconvening, nor to any place other than that in which it may be sitting, without the consent of the Senate (Arizona Constitution, Article IV, Part 2, Section 9).

D. The purpose of the Call of the House is to compel the attendance of absent members.

E. A motion or demand for a Call of the House is not debatable or amendable and may not be laid on the table, postponed, referred to committee or have other subsidiary motions applied to it, other than to recess or adjourn.

F. When no quorum is present, a Call of the House takes precedence over all other motions. Any member may raise the question of no quorum; and if a quorum is not present, the House must either order a Call of the House, recess or adjourn. The motion for a Call of the House is agreed to by a majority of those voting, but may not be ordered by fewer than 10 members including the Speaker.

G. When a quorum is present, a Call of the House ranks as a "question of privilege" and may be ordered by a majority of the members voting.

H. When a Call of the House has been ordered, the doors are closed, the Chief Clerk calls the roll of members and notes the absentees. The Sergeant at Arms shall forthwith proceed to bring in absent members until two-thirds of the members elected to the House are present, and present them at the bar of the House, whereupon the members shall be noted as present, discharged from custody, be given an opportunity to vote; and their vote shall be recorded.

RULE 7

ORDER OF BUSINESS,

SUBSTITUTION OF SENATE MEASURES FOR HOUSE MEASURES

A. The House shall convene at the call of the Speaker each day during legislative session unless a different time or day is fixed by the Body. Unless the body directs otherwise, the daily Order of Business shall be as follows:

1. Roll Call
2. Prayer
3. Pledge of Allegiance
4. Approval of the Journal
5. Petitions, Memorials and Remonstrances
6. Reports of Standing Committees
7. Reports of Select Committees
8. Business on the Speaker's Desk
9. Bills and Other Business from the Senate
10. Motions to Discharge Committees
11. First Reading of Bills
12. Second Reading of Bills
13. Third Reading of Bills
14. Unfinished Business
15. Committee of the Whole
16. Disposition of Business from Committee of the Whole
17. Orders of the Day

B. At any time after the reading and approval of the Journal any member may authorize a motion to be made that the House go into Committee of the Whole for the consideration of bills raising revenue or the general appropriations bill.

C. When Senate measures are received which are identical to House measures which have already been favorably reported by the Committee of the Whole, they may be substituted for such House measures on Third Reading.

D. Business shall be taken up and shall be considered only when the class to which it belongs shall be declared to be in order. Questions of privilege including introduction of guests shall be in order as provided in Rule 25(B).

E. All questions relating to the priority of business shall be decided by a majority of those voting without debate.

F. When multiple legislative sessions are held on one legislative day, the Prayer and the Pledge of Allegiance under the Order of Business in subsection A of this Rule are required to be followed only for the first session of that day.

RULE 8

BILLS, RESOLUTIONS, MEMORIALS, ENGROSSED COPIES,

AMENDMENTS

A. Every bill, resolution and memorial (hereafter "measure") shall be read by sections on three different days, unless in case of emergency, two-thirds of the House deem it expedient to dispense with this Rule. The vote on Third Reading and Final Passage of any measure shall be taken by ayes and nays on roll call. Final Passage shall be the final disposition of a bill by the House (refer to Arizona Constitution, Article IV, Part 2, Section 12).

B. Measures may be introduced by a member by presenting copies of such measure to the office of the Chief Clerk. The Chief Clerk shall have 24 hours to process such measure preceding the day of actual introduction. The name of the sponsor or sponsors shall be on the attached signature page of the measure. Introductions "by request" shall be so designated. A measure introduced in the House may be cosponsored by Senate members. A measure shall only have one prime sponsor; all others shall be designated as cosponsors. A House member's cosponsorship may be withdrawn by that member from any House measure that is in possession of the house. Cosponsorship withdrawal is irrevocable. Following an effective withdrawal of cosponsorship of the measure, the member shall not be identified as a sponsor of the measure on any subsequent calendars, agendas, reports, orders or other publications of the House. Withdrawal of cosponsorship shall be effective if all of the following apply:

1. The member gives a written statement of withdrawal in the form prescribed by the Chief Clerk, delivering the statement to the office of the Chief Clerk and a copy to the Engrossing Clerk.

2. The measure has not been brought for a vote on Third Reading of Bills.

C. Measures may be introduced during the first 29 days of a regular session and during the first 10 days of a special session. Thereafter, with the exception of death resolutions, introduction may be allowed only with the permission of the Rules Committee. Every measure shall have one prime sponsor. A member may not be the prime sponsor of more than seven bills introduced after 5:00 p.m. on the fourth day of each regular session. For purposes of this Rule the first name on a measure shall be considered the prime sponsor.

D. Measures may be prefiled by any member-elect for introduction in the first regular session during the period following the filing of the certification of election until the first day of the regular session. Measures may be prefiled for introduction in the second regular session during the period from November 15 next preceding the second regular session until the first day of the second regular session. Measures may be prefiled for introduction in any special session during the period following the Governor's proclamation until the first day of the special session, such measures being germane to the call.

E. A measure shall be prefiled in the same manner prescribed for introduction. Measures prefiled for introduction pursuant to this Rule shall be deemed to have been actually introduced on the first day of each regular or special session.

F. Introductory sets are the sole responsibility of members of the Legislature. Members are responsible for carrying introductory sets, seeking signatures and submitting introductory sets in the Chief Clerk's office.

G. Measures accepted for introduction shall be entered in the Journal by the Chief Clerk.

H. The original of a measure shall be designated by blue backing, marked "original" and shall remain in the possession of the Chief Clerk. Copies shall be distributed as the Speaker directs.

I. All measures prepared for introduction which propose to add to the statutes or amend existing statutes shall show the proposed new language in capital letters (upper case) and the deletions shall be shown in regular type (lower case) lined through.

J. On First Reading of Bills, the measure shall be referred to the Chief Clerk for printing. The Speaker shall determine the number of measures to be duplicated.

K. On First Reading of Bills, all measures shall be referred by the Speaker or the Speaker's designee to appropriate committees. All amendments proposed by the committee shall be separately reported to the Chief Clerk's office. Each committee shall report each measure it carefully considers back to the House with such recommendations as may be deemed proper. If the Speaker designates his referral authority pursuant to this Rule to any member of the House other than the Speaker Pro Tempore the designation shall be in writing, state the period of time for which it is effective, and be filed in advance with the Chief Clerk.

L. If a measure has multiple committee assignments, the first committee must consider the measure before the second committee. If the first committee fails the measure, the measure cannot be heard by the second committee. When the first committee reports the measure to the House, the Speaker places it on the House Calendar (Inactive Calendar). When the last committee to which the measure was referred reports to the House, it is the property of the Committee on Rules, which considers the measure. The Speaker sets the order of the measures on the Active Calendar for the consideration of the Committee of the Whole.

M. The Speaker may direct that any measure be Second Read at the time of its consideration by the Committee of the Whole or on any day prior thereto.

N. When the Committee of the Whole has completed its deliberations, it is dissolved and reports to the House. By motion, the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

O. The original and two copies of each engrossed measure shall be on paper of durable quality and shall be stamped on each page thereof with the blind embossed stamp of the House. All engrossed pages not having a full complement of typed lines shall be marked from the end of the typed page to within one inch of the end of such page. The original House engrossed House measure shall have a green backing. The original House engrossed Senate measure shall have an orange backing.

P. The engrossed measure shall not be subject to amendment on Third Reading or Final Passage of the measure.

Q. The House shall provide the Senate and the Legislative Council with sufficient copies of each amended engrossed House measure on green paper with a cover page. For House amendments to Senate measures, the same number of copies shall be provided but shall consist only of those pages containing the adopted House amendments and cover page. For unamended House measures the same number of green cover pages shall be provided stating that the measure passed as introduced, which will be identical to the original and printed copies.

R. All measures and engrossed measures shall be line-numbered, and such numbering shall begin with the enacting clause. Uniform sized paper, 8-1/2" x 11", shall be used. All paper and ink used by the House for the purpose of permanent records shall be of durable quality.

S. Amendments shall have uniform headings and shall read "amendment to" and shall be in the same form as the original measure. The amendment shall refer to page and line number only and when referring to more than one line shall read "lines ... through ...". If everything after the enacting clause is stricken, the amendment shall read "strike everything after the enacting clause". All amendments shall contain the language which states "amend title to conform". Substantive floor amendments shall be printed and placed on each member's desk a reasonable time prior to Committee of the Whole unless previously distributed. Substantive proposed amendments shall be reviewed for constitutionality and approved as to proper form by House Rules Counsel or other qualified personnel designated by the Speaker.

T. No amendment to strike everything after the enacting clause and insert new material shall be in order unless notice of intent to offer such an amendment has been given by at least 5:00 p.m. on the second previous working day, excluding Saturdays, Sundays and holidays, in advance of the committee meeting at which the amendment is to be considered by electronically distributing a draft of the proposed amendment to each member of the committee and relevant support staff and posting such notice online. When notice of intent to offer a strike-everything amendment has been properly executed, a revised committee agenda that lists the title of the proposed strike-everything amendment shall be distributed and posted at the information desk and online. Following the adoption of a strike-everything amendment to a House measure in possession of the House, a House member's cosponsorship may be withdrawn upon submission of a written request from the cosponsor to the Chief Clerk prior to Third Reading.

RULE 9

COMMITTEES

A. All committees, except such as the House shall select, shall be appointed by the Speaker.

B. Standing Committees of the House shall consist of the following:

Appropriations

Commerce

Education

Government

Health & Human Services

Judiciary

Land, Agriculture & Rural Affairs

Municipal Oversight & Elections

Military Affairs & Public Safety

Natural Resources, Energy & Water

Regulatory Affairs

Rules

Transportation & Infrastructure

Ways and Means

C. Each Standing Committee shall adopt and file with the Chief Clerk's Office rules of procedure consistent with the Rules of the House and shall include the following:

1. With the exception of executive sessions ordered by a majority of the committee constituting a quorum, all committee meetings shall be open to the other members of the Legislature, the press and public so long as proper decorum is maintained.

2. All committees shall meet at regularly scheduled times and places unless cancelled with the permission of the Speaker. In the absence of the Chairman, the Vice Chairman shall preside. In the absence of both the Chairman and Vice Chairman, some other committee member designated by the Speaker shall preside.

3. The committee Chairman (presiding officer) other than the Chairman of the Committee on Rules shall prepare an agenda and distribute copies to committee members, the Information Desk and the Chief Clerk's Office by 5:00 p.m. at least five days before the committee meeting. Absence of a bill, memorial or resolution from the committee agenda will prohibit its consideration unless unanimous consent of all committee members is obtained. Unless a reconsideration motion has been offered and failed, a Chairman may place a measure that failed in committee on any subsequent agenda.

4. A measure not on the committee agenda shall be scheduled for discussion at the next subsequent committee meeting by presentation of a petition containing the signatures of two-thirds or more of the committee members.

5. A roll call vote shall be taken in each standing committee when final action on any measure is voted.

6. Written committee reports shall be filed with the Chief Clerk's Office within a reasonable time but no later than two weeks from time of completion of meetings. A recording of the meeting shall be made available for public inspection three working days after the meeting. Attendance records of all committee meetings shall be filed with the Chief Clerk's Office within 24 hours from time of completion of meetings.

7. Special meetings may be called by the Chairman but require permission of the Speaker and notice to members and the general public at the Information Desk by 5:00 p.m. on the previous day, except that the notice of a special meeting of the Committee on Rules may be given in open session prior to the meeting and does not require the Speaker's permission.

D. The Speaker is authorized to call meetings of standing and select committees of the House during periods when the House is not in session and to approve claims for travel and subsistence incurred by members of such committees in attendance thereon, as provided by law. Notwithstanding the statutory authority, the Speaker, after consultation with the committee Chairman, may appoint members to the committee of reference.

E. No committee other than the Committee on Rules shall meet while the House is meeting in session without special permission of the Speaker.

F. Except as provided herein, all House measures shall be considered by committees prior to the Saturday of the week in which the sixtieth day from the beginning of each regular session falls and all Senate measures shall be considered by committees prior to the Saturday of the week in which the ninetieth day from the beginning of each regular session falls. No committee except the Rules Committee shall consider a measure in violation of this subsection without the written permission of the Speaker.

G. Notwithstanding Rule 8(T), no proposed amendment in the Committee on Rules to strike everything after the enacting clause and insert new material shall be in order.

H. All interim committee meetings shall be open to the other members of the Legislature, the press and public so long as proper decorum is maintained, with the exception of executive sessions ordered by a majority of the committee constituting a quorum.

RULE 10

REPORTS OF COMMITTEES

A. Reports of Standing Committees shall be announced to the House upon receipt of reports from the committees. Reports from the following committees concerning matters herein named shall have precedence and may be received at any time except in Committee of the Whole:

1. The Committee on Rules on joint rules, order of business and rules relating to the order of consideration of measures.

2. The Committee on Judiciary on the right of a member to his seat.

3. The Committee on Ways and Means on measures for raising revenue.

4. The Committee on Appropriations on all matters referred to it.

B. When a report of a committee is printed, it shall include a minority report, if requested.

RULE 11

CALENDARS

A. There shall be the following calendars to which all business reported from committees shall be referred:

1. A House Calendar on which shall be entered all measures in the order reported from the committees, and such business as the House may directly place upon the calendar for consideration.

2. The Active Calendar of the Committee of the Whole House on which shall be entered all measures referred to the Committee of the Whole.

B. The Third Reading Consent Calendar shall be set by the Speaker and shall consist of select unamended measures reported out of all committees to which they were referred. It shall be dated, printed, placed on each member's desk or delivered electronically and posted at the Information Desk two working days prior to being accepted. Any member who wishes to protest any measure bypassing the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the two-day posting. This protest will automatically remove the measure from the Third Reading Consent Calendar. Subject to Rule 12(O), the measures remaining on the Third Reading Consent Calendar will then be placed on the Third Reading Calendar.

C. The COW Consent Calendar shall be set by the Speaker and shall consist of select amended measures reported out of all committees to which they were referred. It shall be dated, printed, placed on each member's desk or delivered electronically and posted at the information desk two working days prior to being accepted. Any member who wishes to protest any measure being subject to group motion and adoption of all committee amendments and instead who wishes to require that the amended measure be subject to debate in the Committee of the Whole may submit a protest in writing to the Chief Clerk's Office with a copy for the Speaker's Office during the two-day posting. This protest will automatically remove the measure from the COW Consent Calendar. Additionally, the filing of a floor amendment with the Chief Clerk will automatically remove the measure from the COW Consent Calendar. Subject to Rule 12(O), the measures remaining on the COW Consent Calendar and passed will then be placed on the Third Reading Calendar.

RULE 12

COMMITTEE OF THE WHOLE; ADDITIONAL COMMITTEE OF THE WHOLE

A. When the House shall determine to go into Committee of the Whole, the Speaker shall leave the Chair after appointing a Chairman to preside.

B. In Committee of the Whole, business shall be transacted in accordance with its priority on the Calendar, unless such priority be determined by the House before going into Committee of the Whole.

C. A majority of the members of the House shall constitute a quorum to do business in Committee of the Whole.

D. When a Committee of the Whole finds itself without a quorum, the Chairman shall direct the Sergeant at Arms to bring members to the chamber or cause the roll to be called, and thereupon the Committee shall rise and the Chairman shall report the names of the absentees to the House, and such names shall be entered in the Journal. If on such roll call a quorum shall appear, the Committee shall thereupon resume its sitting without further order of the House.

E. In Committee of the Whole the Rules of the House shall govern whenever applicable.

F. In Committee of the Whole all questions shall be decided by a majority of those voting.

G. No seconds are required to motions in Committee of the Whole.

H. In Committee of the Whole the measure shall first be read through by the Chief Clerk, unless the Committee shall otherwise order. This shall constitute Second Reading of the bill unless it has been previously Second Read. After the proper motion the measure is open to debate and amendment.

I. After a measure is moved in Committee of the Whole, the measure may be debated for a maximum of 30 minutes. After 30 minutes, the amendments are moved and explained by the sponsor or the Chair's designee and voted without debate or questions. Debate on any measure can be extended by a vote of a majority of the members present. Motions to amend the Committee of the Whole report are permitted, but explanations of votes are not.

By motion the report of the Committee of the Whole is adopted by the House (or amended) and the Speaker properly assigns the House measures (or amended Senate measures) to be engrossed for Third Reading.

N. With the exception of committee amendments, no proposed amendment in Committee of the Whole to strike everything after the enacting clause and insert new material shall be in order and the report of the Committee of the Whole shall not be amended to circumvent this Rule.

O. Without objection, a motion to recommend that a measure do pass or do pass amended may be made in Committee of the Whole grouping together unamended measures and amended measures on the COW Consent Calendar. Upon request by any member, a measure shall be excluded from the mass motion.

P. The House may by a majority vote of those voting bring a measure otherwise designated as available for Third Reading to Committee of the Whole for amendment or further amendment, except no proposed amendment to strike everything after the enacting clause and insert new material is in order.

RULE 13

SITTING AS IN COMMITTEE OF THE WHOLE

The House may by a majority of those voting sit as in Committee of the Whole for consideration of technical changes to measures and any subject, except no proposed amendment to strike everything after the enacting clause and insert new material is in order.

RULE 14

VOTING

A. All motions may be determined by a voice vote, teller, or on request of two members by a roll call, and by declaration of the result by the Speaker or designated member; provided that the voice vote shall not apply to Third Reading and Final Passage of any measure.

B. No member shall be permitted to vote unless present in person to cast his vote.

C. No member shall vote for another, nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be punished in such manner as the House may determine. If a person not a member shall vote or attempt to vote for any member he shall be barred from the floor of the House for the remainder of the session and may be further punished in such manner as the House may deem proper, in addition to such punishment as may be prescribed by law.

D. When a roll call vote is ordered, every member who shall be within the Hall of the House shall vote, aye or nay, unless the member has filed a statement of personal financial interest in the question or is excused by the House pursuant to subsection E.

E. Subject to Rule 4(B), when a roll call vote is ordered, no member shall leave the chamber until the vote is declared. The chamber includes the floor and the Speaker's office suite. The roll will be taken once only. When a member declines to vote, the member shall be required to specify the reason. If a member declares a personal financial interest in the question and the member has failed to file a statement pursuant to Rule 34 or if the reason given is other than a personal financial interest in the question, the presiding officer shall submit the question to the House, "Shall the member be excused from voting for the reason given?" The question shall be decided without debate before the roll call vote is taken and the result is announced.

F. A member may change his vote after the roll call has been completed and before announcement of the result, but not thereafter.

G. Every member shall have the privilege of explaining his vote on substantive main motions with relevant comments (such explanation shall not exceed three minutes) and shall further be permitted to have his written explanation placed on file in the Office of the Chief Clerk and the Journal shall so show except that the provision on written explanations shall not apply in committees of the House. The privilege does not extend to incidental main motions or procedural motions; however, a member from each side may explain the rationale for the vote on such a motion for up to three minutes, the affirmative closing.

H. The Speaker or designated member shall declare all votes; but if any member doubts a voice vote prior to the declaration of the vote by the Speaker or designated member, a rising vote shall be ordered and the result declared.

RULE 15

ELECTRIC ROLL CALL SYSTEM

A. In all cases where a Rule of the House of Representatives refers to "roll call", such reference shall be understood to refer also to the "taking" of the vote by an electric roll call system.

B. When taking the ayes and nays on any question to be voted upon, the electric roll call system, so-called, may be used, and when so used shall have the same force and effect as a roll call taken as otherwise provided in these Rules.

C. When the House is ready to vote upon any question requiring a roll call, and the vote is to be taken by the electric roll call system, the Chair shall announce: "You have heard the motion" or "You have heard the _____ reading of (designating the matter to be voted upon). Those in favor will vote aye. Those opposed will vote nay. Do not vote until you hear the bell. The House will now proceed to vote."

D. When sufficient time has been allowed the members to vote, the Chair shall announce: "Have you all voted?" and after a short pause shall say: "The Clerk will now record the vote."

E. The Chief Clerk shall immediately start the recording equipment and, when completely recorded, shall present the result to the Chair, who shall announce same to the House. The Chief Clerk shall enter upon the Journal the result in the manner provided by the Rules of the House.

RULE 16

MOTION TO AMEND, GERMANENESS

A. When a motion or proposition is under consideration, a motion to amend and a motion to amend that amendment shall be in order. No amendment in the third degree shall be allowed.

B. It shall be in order to offer a further amendment by the way of a substitute amendment.

C. A motion to strike out and insert is indivisible, but a motion to strike out being lost shall neither preclude amendment nor shall a motion or proposition on a subject different from that under consideration be admitted under the color of amendment.

D. The Arizona Constitution (Article IV, Part 2, Section 13) provides in part that "every act shall embrace but one subject and matters properly connected therewith, ...". To comply with this requirement, an amendment may not expand the scope of the original measure to give it a new purpose. A measure including any amendments shall be presumed to contain one subject if:

1. The resulting measure has one general purpose and all other matters contained therein are related to that purpose or necessary to effectuate the purpose.

2. The resulting measure is a major revision of a program or agency and each of the provisions relates to the revision.

3. The measure offers only technical or conforming changes to the statutes.

4. The measure is an omnibus taxation or appropriation measure and each provision relates to the same general purpose of the measure.

5. The measure is a result of a strike everything after the enacting clause amendment and substitutes material designed to accomplish only one purpose.

E. In filling blanks, the largest sum and the longest time shall be put first.

F. Upon request of any member, and an affirmative majority vote, each amendment shall be considered separately.

2. Refuse to concur in Senate amendments and appointment of Conference Committee (simple or free).

3. Speaker may refer the measure with the Senate amendments to a committee which after study shall recommend concurrence or nonconcurrence.

4. A Conference Committee is not required when a measure returns from the Senate and a section of law has been eliminated due to a failure to achieve a proposition 105 or proposition 108 vote threshold on Third Reading. However, the measure shall be voted on Final Passage prior to transmission to the Governor.

5. The Speaker may refer a measure that was subject to Senate amendments that introduced new material or was the subject of a strike everything amendment to a free Conference Committee that is primarily comprised of members of a standing committee that is customarily assigned similar subject matter and the measure's prime sponsor. Public testimony shall be allowed at the conference committee.

B. Any amendment by the Senate which includes the addition of the emergency clause or the requirements for enactment clause (refer to Arizona Constitution, Article IX, section 22) or a three-fourths clause to amend or supersede an initiative or a referendum or to appropriate or divert funds created by an initiative or a referendum (refer to Arizona Constitution, Article IV, Part 1, Section 1, Subsections (6) (C), (6) (D) or (14)) shall require a two-thirds vote of the members elected to the House for Final Passage with the emergency clause or the requirements for enactment clause or a three-fourths vote of the members elected to the House for Final Passage of a measure to amend or supersede an initiative or a referendum or to appropriate or divert funds created by an initiative or a referendum.

C. Conference Committees may be either simple or free. A Simple Conference Committee shall be limited to points of disagreement between the two Houses and shall not add unrelated new material, except to conform the provisions to other sections of the measure, enactments of the current session or procedural requirements. A Free Conference Committee may recommend striking amendments, compromising disagreements or inserting something entirely new except that a Free Conference Committee may not recommend striking everything after the enacting clause and inserting new material. A Free Conference Committee shall not take final action on a Free Conference Committee report to a House measure unless the measure has been heard in a public hearing of the Free Conference Committee.

D. A copy of each Conference Committee report shall be placed on each member's desk or delivered electronically a reasonable time before consideration of the report. Any member may request, and the Speaker shall grant, a one-time delay per measure of up to 24 hours prior to adoption of the Conference Committee report. Adopted conference reports and the House measures to which they pertain shall be referred for engrossing, and the bill after being engrossed shall be placed on Final Passage.

E. Except as provided herein, Conference Committees shall consider all measures prior to the Saturday of the week in which the ninety-seventh day from the beginning of each regular session falls. No Conference Committee shall meet to consider a measure after such time without the written permission of the Speaker.

No motion shall be recognized without the member rising and addressing the Chair.
